CREDIT

... is the life blood of the United States. It keeps the wheels of giant industries turning; it reaches into every facet of business; and it keeps most Americans living way above their means.

There are many who will argue, and with excellent supporting facts, that credit will be the ruination of our country. There are others who will counter argue just as convincingly that without credit the USA could never have progressed to its present stage of development.

They both could be right. First, there is no doubt but that credit has enabled the masses to purchase everything ranging from appliances to yachts. This in turn has increased production to the point where we boast the greatest Gross National Product of any nation in the world.

That is the good side of credit.

THERE ARE DEADBEATS

However, there is a side to credit that can bring about the collapse of our economic system. That side is the one brought on by the hundreds of thousands of deadbeats who buy on credit and never intend to pay a cent. Then joining the deadbeats are those people who just ride a credit account to death. They buy and let it ride, add to it and let it ride, and buy more and let it ride. Thus, while they are going about their business of living high on the hog, that creditor (and usually in a case like this they are riding more than one business) must limp along paying his bills for those goods or services now being used by the credit holder.

And don't think this happens "somewhere else". It happens right here in Hondo and you can bet your last credit card on that. I have talked to local businessmen who are really hurting because people won't pay their just bills. Sure, they always want to buy, but somehow they never want to pay. The English Call installment buying "the never-never plan", and many Americans take it literally when it comes to paying.

In fact, several businessmen have told me of instances where account holders would just keep riding until they were told that without payment they could purchase no more. And do you know what happened? Those bleeding the merchant got mad! "Why, how dare you tell me my credit is no good!" "If you don't want my business, I'll just take it somewhere else!"

These are the familiar statements made by indignant people who, after riding the backs of a merchant for months, are asked to ante up a little of the green so the merchant can remain in business.

I for one say, let them take their business somewhere else. That kind of business a small town merchant does not need. However, the only sad fact of the entire mess is the merchant sells them merchandise or service in good faith and doesn't know they won't pay until it's too late.

CHECK EVERY RECORD

Yes, he can check their credit before hand. The Medina County Credit Center operated by George and Evelyn Pletz provides this service. But, there again, it is surprising how many consumers will get angry when a merchant suggests that he check their credit rating. Perhaps the only salvation for the merchant is to go ahead and check anyway, then refuse credit to those whose rating is a least bit shady.

If you have it forget the idea that individual consumers are the only persons who ride businesses for credit. There are business people who, despite the fact they know full well they cannot operate their own business without a flow of money coming in, will run up high bills with other businesses and then ride them for months and even years.

What is it about a man (using the word in the broad sense of human being) that will make him ask the trust of another man by accepting merchandise or service on a credit, promise to pay at a certain time or by a specified method, and then completely renege on the responsibility?

Is it that he thinks businessmen are rich and don't need his money or will never miss the amount of merchandise he buys? If this

Hondo, Medina County, Texas 78861, Thursday, September 28, 1972

Jim Myers to speak

James N. Myers, Assistant Administrator of the Rural Electrification Administration and former president

James N. Myers

of the Medina Electric Co-op, will be the keynote speaker at the Annual Meeting of MEC members Saturday at McDowell School Cafeteria, here in Hondo.

The meeting will be decorated with exhibits and displays highlighting this year's theme of "Change".

Activities will include, in addition to Myers' address; drawings for many valuable door prizes, a noon meal, election of three candidates to the Board of Directors, and

a report to the membership concerning the Cooperative's operation during 1971.

District I candidates for the Board include Autry Been of Hondo and Mathis Saathoff of Dunlay; for District II, M. V. Howett of Batesville and W. E. Stacy of Big Foot; for District III, Virgil Guerra of Roma and Juan Vasquez of Hebbronville.

Registration for the meeting will be from 9 to 11 a. m. on Saturday.

Trail Riders ready to saddle

It's riding time again in Medina County and the Medina County Association for Exceptional Children's Fund will again benefit.

This year marks the 10th Annual Medina County Riders Benefit Trail Ride to help the Association. It will be held October 6, 7 and 8.

Assembly for anyone wishing to participate will be Friday, October 6, at Las Palmas Gardens, IH 35 one mile east of Lytle. Sign up will be at 5 p. m. followed by a public dance at 8 p. m. Donation to the dance is set at 99 cents and music will be furnished by Larry Garnand and his Texas Travelers.

Riders will leave October 7 at 9 a. m. and plan lunch at the Triangle Grocery, Pearson. They plan to arrive at Koenig Park in Castroville at 4:30 p. m. where they will eat a supper provided by the American Legion Post 460.

A second dance is scheduled for that night for another 99 cent donation and the music will be furnished by the Driftin' Playboys.

Sunday morning "head'em up, roll'em out" time will be 9 a. m. and chow time will be noon at The Other Place through the courtesy of the Hal Jones American Legion Post 128 in Hondo.

Those joining the ride are asked for a \$5 adult donation and a \$2.50 donation for children under 12. Contact Rodney Mangold, 762-3227, LaCoste or Babe Gilliam, 538-2292, Castroville.

3 hurt in crash

Three area residents have been hospitalized as a result of a head-on collision in heavy rain Tuesday afternoon about 4:45.

The accident occurred on FM462 to Yancey, about four and one-half miles south of Hondo.

Mrs. Elsie F. Heiligman of Yancey was traveling south when the 1967 Pontiac she was driving met head-on with a pickup driven by Lee Everett Dugger, of 2703 Ave. M, Hondo.

Mrs. Heiligman received facial and knee lacerations. A passenger in her auto, Stella Bodeman, also of Yancey, received cuts and bruises in the mishap, and both were placed in Medina Memorial Hospital.

Dugger, who received internal injuries and broken ribs along with a hip injury, was taken by ambulance to a San Antonio hospital. Bad weather made MAST helicopter assistance impossible.

HONDO RAINFALL

An inch of rain fell on Hondo Tuesday evening about 5 p. m., bringing to 2.60 the total of rainfall since Saturday, according to the Taylor-Chapman Service.

Area rainfall totals ran as high as 4 inches north of D'Hanis on the M. Batot and Bonnard Rothel ranches, but the amount around the county seemed to average about 2.05 inches.

For a complete breakdown of reports, see Taylor-Chapman report on page 9.

Protected railway crossings get attention

Protected railroad crossings in Hondo are gaining attention and action may be forthcoming in the near future, according to State Representative John Poerner and a spokesman for Southern Pacific.

SP spokesman J. Myers told Hondo City Council members on Sept. 13 that

some preparatory work will be done on Avenue M early in October and that approval has been given to a gate and lights on Castro Avenue leading to the Airbase.

In a letter to the Anvil Herald dated September 25 Poerner gives the following account of a possible solution:

"Dear Burnis: "Hondo's number one hazard, unprotected railroad crossings, may receive some long needed improvement in the near future."

"During the Third Called Session of the Texas Legislature (the one where we appropriated the money) we had quite a battle to retain funds in the Appropriations Bill for grade protection signals. The votes were very close but the funds were retained which amounted to \$1-1/2 million for crossings owned by the State of Texas (Farm to Market Roads, State Highways, etc.) and we also appropriated \$250,000.00 for crossings "off" the highway system."

"I have been in constant contact with the Southern Pacific Railroad and the Texas Highway Department to make certain that Hondo is included in this funding. It will be the responsibility of the City of Hondo to pay 10% of the cost and I hope this amount will not be a problem."

"In the \$1-1/2 million program, which will pay for a total of about 80 crossings all over the State of Texas, I am strongly urging the Highway Department to include F.M. Highway 462, in Hondo, which is the Avenue M crossing. In addition, because of the vast number of people entering the Hondo Air Base for daily employment, I am urging the inclusion of Castro Avenue as one of the "off" crossings of the system."

"It is my sincere hope that both of these protected crossings may become a reality in the near future."

Sincerely,
John H. Poerner

Then in a telephone conversation Monday, Rep. Poerner said: "Since this decision is made by the State Highway Commission, we will have to wait until October 6 to know the answer on our protected crossings. Those persons wishing to express an opinion on the proposed crossing work may do so by contacting: Mr. Herb Petry, Texas Highway Commission, Austin, Texas."

According to figures presented to the Council by Myers, the 10 percent cost of the City on the Castro Avenue construction would be about \$2,700. Assuming Avenue M would be the same, that means for the two protected crossings Hondo will pay some \$5,400.

CofC Board to meet

A Hondo Chamber of Commerce Board of Directors meeting will be held Monday, October 2, to discuss election of new directors, and membership programs.

The Board will study two letters--one to be sent out to members of the Chamber, and another to be sent to potential members.

Ballots for four new directors will be mailed out on October 9. Included on the ballot will be space for recommendation of a choice for "Outstanding Citizen of Hondo."

GOLD STAR GIRL AND BOY

... Donna Boehme and Vince Gilliam with Commissioner Hilmer Mangold.

Gold Star girl, boy are named

Donna Boehme of Rio Medina was named Gold Star Girl and Vince Gilliam of Hondo was named Gold Star Boy at the annual Medina County 4-H Awards Banquet held Saturday night at Koenig Park in Castroville.

They were presented Gold Star Certificates and \$25 Scholarships from the County Home Demonstration Council. Fifty-six other 4-H Club Awards were presented to 4-H Club members for their record books and other activities.

Gold Star Girl Donna

Boehme has been an active member in 4-H for 9 years. She has completed projects in Foods & Nutrition, Clothing, Livestock, Safety, Home Improvement, and Home Preservation. She has served as Co-Chairman, Secretary and Council Delegate of her local 4-H Club.

She has also served as a Secretary and Treasurer of the Medina County 4-H Council. She has been active in her community and school by serving in the National Honor Society, Catholic Youth Organization, Class officer and Assistant Editor of the School Annual.

Donna has won many honors in 4-H. She showed the Grand Champion calf at the County Livestock Show in 1966 and 1967. She placed 7th at State Round-up in Public Speaking. She won a Blue Award at the State Food Show in 1969 and this year won first place at the State Food Show and was awarded a \$500 scholarship.

Presently a freshman at A&M University, Donna is the daughter of Mr. and Mrs. Jack Boehme of Rio Medina.

Gold Star Boy Vince Gilliam has been an outstanding, active 4-H Club member and Junior Leader in his club at county and district level for 9 years. He has completed projects in Beef, Swine, Horse, Automotive, Sheep, Leadership, Citizenship, Rifle and Recreation. He has won 9 county stock show ribbons for sheep and calves. His lamb was Reserve Champion in 1965 and he showed the Grand Champion calf in 1971.

Vince has attended and participated in County and District 4-H Leadership Training Labs for the past three years. In 1970 he attended the State 4-H Leadership Lab. With his leadership training he has assisted younger 4-H members as a junior leader in Citizenship and other projects.

He has also been active in

Dr. Jennings honored

Dr. John H. Jennings, or more commonly known as "Nonnie", has had his say for many years at Owl home football games. In fact, he's had most of the say, since he has served as announcer over the public address system. Well, Friday night, the Hondo Owl Band, under the direction of Billy Harrell, decided to turn the tables. They had their say by presenting Jennings with a certificate of appreciation for his dedicated service. He also got a kiss from all the cheerleaders. (Photo by Jimmy Overstreet)

church, school and community activities. This past summer he was a Youth Counselor at the Hermann Son's Camp in Comfort.

He is presently a senior at Hondo High School and plans to enter the Texas A&M University next fall. Vince is a member of the South Hondo Unit I 4-H Club and is the son of Mr. and Mrs. Ralph Gilliam.

Lynda Howard, Representative of State 4-H Council from Devine, served as Mistress of Ceremonies. Father Larry Stuebgen, St. Louis Catholic Church, gave the Invocation and Vince Gilliam welcomed the guests, 4-H members and parents. Robin Saathoff recognized the guests. Entertainment was provided by Natalia and Devine 4-H Club members. Mariette Aelvoet and Shirley Wurzbach also assisted with the program.

Jimmy Mumme, Council Co-Chairman, recognized the following volunteer Adult Leaders for their service to the 4-H program. Those recognized for 15 years were Mrs. Walter Lessing, Devine, and Mrs. Homer Eaves, Natalia.

Those receiving 5-year recognition certificates were Mrs. Charles Hood, D'Hanis, and Mrs. William Ellis, LaCoste.

The Award of first-year leaders was presented to: LaCoste--Mrs. Charles Fischer, Mrs. Mark Kempf and Mrs. Phil Rodgers; Devine--Mrs. Don Outlaw, Mrs. Walter Anderson, Mrs. James Allen, Mrs. Alfred Sultenfuss, Mrs. Harvey Shultz, Mrs. Roy Whitaker and Mrs. Charles Smith; Natalia--Mrs. Vernon Fowler, Mrs. John White, Mrs. Jesse Orta and Mrs. Henry Elliott; Hondo--Mrs. Glenn Schweers, Mrs. F. J. DeGrodt, and Mr. and Mrs. Donald Muennink; D'Hanis--Mrs. Lloyd Santleben; and Dunlay--Mr. and Mrs. Marvin Kriewald.

Hilmer Mangold, County Commissioner, Precinct 2, presented the following awards to 4-H members: A-CHIEVEMENT--Vince Gilliam and Lesley Muennink; AGRICULTURE--Mike Hayter, ****Please Turn To Page 3

Guest Editorial

The freedom that is basic

In the name of free speech and freedom of the press--the First Amendment provisions--a lot of Communist trouble-makers and their stooges cavort in public places; saying and doing things that are at least on the borderline of the sedition, always with the declaration that such is their "constitutional right".

It is significant, however, that it is not their admired Marxist lands in which such freedom is known; but the democracies. Everywhere a Marxist moves in, the movement clamps down violent closures on freedom. By the way of illustration, note a quotation: "Why should freedom of speech and freedom of the press be allowed? Why should a government which is doing what it

believes to be right allow itself to be criticized? It would not allow opposition by lethal weapons. Ideas are much more fatal things than guns. Why should any man be allowed to buy a printing press and disseminate pernicious opinion calculated to embarrass the government?"

Whose words are these? Nikolai Lenin said it--the Marxist hand that led to the violence that established communism as the way of life in Russia. Characteristically, communism puts out the light wherever it takes over. Stooges in this country who invoke the First Amendment are wrapping themselves for protection in the very instrument they would totally destroy should their ideology come to power.

NASHVILLE (Tenn.) BANNER

What Is a Policeman?

A policeman is a composite of what all men are... a mingling of saint and sinner... dust and deity. Cold statistics wave the fan over the stinkers... underscore instances of dishonesty and brutality because they are news. What that really means is they are exceptional, unusual -- not commonplace. Buried under the froth is the fact that less than one half of one percent of policemen misfit that uniform. And that's a better average than among clergymen.

What is a policeman made of? He of all men is at once the most needed and the most unwanted... a strangely nameless creature who is "sir" to his face... and "fuzz" behind his back.

HE MUST BE SUCH a diplomat that he can settle differences between individuals... so that each will think he won... but... if the policeman is neat, he's conceited. If he's careless, he's a bum. If he's pleasant, he's a flirt. If he's not, he's a grouch.

In an instant he must make decisions which require months for a lawyer. But if he hurries, he's careless. If he's deliberate, he's lazy.

He must be first to an accident... infallible with a diagnosis... He must be able to start breathing, stop bleeding, tie splints and above all be sure the victim goes home without a limp, or expect to be sued.

The police officer must know every gun... draw on the run... and hit where it doesn't hurt.

He must be able to whip two men his size and half his age... without damaging his uniform and without being brutal. If you hit him, he's a coward. If he hits you, he's a bully.

THE POLICEMAN MUST know everything and not tell. He must know where all the sin is and not partake. The policeman must, from a single human hair, be able to describe the crime, the weapon and the criminal... and tell you where the criminal is hiding. But if he catches the criminal he's lucky... if he doesn't he's a dunce.

A policeman must be a minister... a social worker... a diplomat... a tough guy... and a gentleman. And of course he will have to be a genius, for he will have to feed a family on a policeman's salary.

BROOM and BROOM CORN NEWS

UTSA library will boast 300,000 volumes in 1973

A library with an opening day collection of approximately 300,000 volumes is being planned for the University of Texas at San Antonio, according to Dr. Arleigh B. Templeton, President of UTSA.

The library-administration building, one of seven structures in the first phase of the University's building plan, is under construction. It is a four-story structure and the main floor is all glass. Dr. Templeton described the building as "attractive and very functional".

UTSA was authorized by the Texas Legislature in 1969. Both graduate and undergraduate students will attend classes on the UTSA campus when the first construction phase is completed.

In the meantime, the University will hold graduate classes in temporary facilities beginning in June, 1973. Although the University will accommodate approximately 10,000 students initially, an enrollment of 17,500 by 1980 is expected.

The 300,000 volume library is designed to meet the needs of a basic university curriculum. A general used collection of 60,000 volumes was purchased last spring and another 75,000 titles, including many multivolume sets, have also been acquired.

The library anticipates a collection of well over 200,000 by August 31, 1973. Dr. Michael F. Kelly, Director of Libraries at UTSA, said that the books will be stored in Portland, Oregon until the library is completed. "They also will be processed and cataloged there," he said.

Plans are to subscribe to about 3,000 periodicals and

journals. Dr. Kelly said that to reduce the purchase cost and to store the materials economically, most of the back files of periodicals and journals will be bought on microfilm. A new microfilm cartridge system will be used to facilitate use of the materials on microfilm.

Dr. Kelly sees the UTSA library as a complete learning resource center. Music listening areas and carrels equipped with projectors, slides, movies and filmstrips will be an integral part of the library. Many multimedia materials will circulate.

Another unique feature of the UTSA library will be a computer-produced microform subject catalog. Students will turn a carousel to the desired topic and read the listings on the screen. Advantages of the microform catalog are accuracy and a savings in manpower.

Presently research is being done to determine what kind of microform equipment will be most feasible and how much equipment will be needed.

The UTSA library will seek opportunities to improve service and reduce operating costs through automation. Many of the "housekeeping chores" such as bookkeeping, acquisitions and circulation can be automated economically, and machine readable records enable the library to better serve its patrons.

UTSA has the unique advantage of being able to automate from the beginning, eliminating the problems of costly conversions at a later date.

Students will use some type of specially punched identification card when

checking out books so circulation information can be recorded on the computer. This will make it possible to find out who has a specific book. In addition, the computer will provide a daily print-out of overdue books and will address notices on them.

A noteworthy feature of the UTSA library will be a rare books collection, to be housed on the fourth floor of the new library. Already donated to the library is a collection of volumes dealing with the history of architecture. Many of the books are heavily illustrated and very valuable. The books constituted a private collection of the late Ralph H. Cameron, who was a prominent San Antonio architect.

Since UTSA will focus on serving the needs of the area, the library will emphasize bilingual and bicultural materials. However, UTSA will not duplicate the Latin American collection at the University of Texas at Austin. Dr. Kelly said that books on Latin American topics would be selected "to serve more specific needs in such fields as business, education and archeology."

Jay Winters gets ribbon

USS JOHN S. McCAIN--Navy Fireman Jay E. Winters, of 1510 Ave. Z, Hondo, received the Combat Action Ribbon while off the coast of Vietnam aboard the guided missile destroyer USS John S. McCain.

The ship's crew received the award when the McCain encountered shore battery fire while supporting operations in Quang Tri province,

COW POKES

"Now I can make that sign out, it says 'high water'!"

Poerner reports

Session faces criticism

The Fourth Called Special Session of the 62nd Texas Legislature is now underway with the Governor's bills introduced. Governor Smith called this special session for two purposes:

1. To enact legislation for the purpose of providing for competitive property and casualty insurance rates.
2. To enact legislation establishing budgetary control over state expenditures (including the transfer of funds).

I would like to brief you on the first item as I believe most citizens have a closer tie and concern about automobile and property insurance rates. House Bill 5 was introduced by Representative Cavness, and covers all types of insurance except:

- (1) Ocean marine insurance.
- (2) Workmen's Compensation insurance.
- (3) Title insurance.
- (4) Life insurance.
- (5) Variable and fixed annuities, and
- (6) Group and blanket accident and sickness insurance.

It is pleasing to note that the bill provides for the continuation of a standard form in Texas thereby giving the buying public good comparison of one policy to another when comparing cost. It is going to be very important for the Legislature to assure financial responsibility of the companies who issue policies on a competitive rate.

Hearings on House Bill 5 have started with the few basic principals of receiving testimony from the Texas Insurance Board. It is my judgment that the most informative testimony will be given this week, Monday through Thursday, by individuals with expertise from around the nation.

SUBSCRIPTION RATES IN Medina & Adjoining Counties: One Year—\$5.00 ELSEWHERE: \$6.00 Per Year

Entered at the Post Office, Hondo, Texas, as Second Class Mail. Published every Thursday in Hondo, Texas, by Associated Texas Newspapers, Inc. W. E. Berger, President; Burnis K. Lawrence, Publisher

The Castroville Anvil Est. 1886 The Hondo Herald Est. 1891 Consolidated Oct. 17, 1903

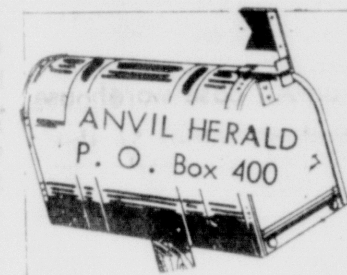

Any erroneous reflections upon the character, standing or reputation of any person, firm or corporation, which may appear in The Anvil Herald will be corrected upon being brought to the attention of the publisher.

They will include: Mr. Richards D. Barger, Commissioner of Insurance from the State of California, on Monday, Sept. 25, 1972, Mr. Spencer Kimball, Director of the American Bar Foundation, formerly Dean of the Law School, University of Wisconsin, and presently a Professor of Law, University of Chicago, on Tuesday, Sept. 26, 1972.

Dr. Arthur Williams, Dean of School of Business, University of Minnesota, The House of Representa-

tives is going to provide ample room for these hearings so anyone who may be interested in listening to these individuals may come to Austin and hear first-hand what is being accomplished in other states. My office will keep an up-to-date schedule of these hearings so anyone desiring to attend may call my office, in Austin, telephone number 475-2195, and obtain the latest schedule of these hearings.

I strongly urge individuals who may have an interest in this industry to attend.

Letters from the mailbox

Dear Editor:

If you live in the Yancey area and see a rat, it could be a foreign rat.

As they were unloading a load of broom corn imported from Mexico near Yancey, a rat ran out from among the bales on the truck. It got a free ride across the Rio Grande.

Of course, there is no danger of it having any disease, or fever ticks, as Mexico dips all of her rats every

fourteen days.

Being a producer of broom corn and not having had a single sole offer on any of my broom corn as of this date, I don't enjoy seeing the foreign broom corn around these parts. I don't like to see them unloading foreign rats either.

I think this is something to write our Congressmen and Senators about.

Leroy Faseler

The Lesson Never Learned

A king of ancient times by the name of Canute once sat his throne on the seashore and defied the tides to engulf him. The tides, responsive to the laws that govern the universe, paid no attention to his edict. Since that time there is no record of any ruler trying the same stunt.

But since the days of Pericles, there have been attempts by various rulers to institute price controls in defiance of the laws that govern marketing which in many respects are as inexorable as the pull of the moon on the world's oceans.

Currently, the American government is involved in this endeavor, and so far the record does not look too promising, and in fact, there are now indications this strategy may turn out to be destructive of small firms.

The people in charge of the program have not stopped at putting a ceiling on prices, but also if a chain operation, while adhering to the price ceilings, shows more than a pre-control margin of profit, it is ordered to roll back prices to bring the profit margin down.

Now, as they say in the field of antibiotics, some side effects are showing up.

In the southern states especially, some of the corporate food chains, bowing to the

edict of the price controllers, who have little or no business experience, are bringing down their prices on the heavy traffic items to cost, or perhaps even below cost.

This is resulting in cut-throat price competition by government edict for the independent firms, and there is concern that some will be driven to bankruptcy.

Currently, the continuous field of surveys of the National Federation of Independent Business show that 50 per cent of all independent retailers claim they are being harmed by predatory pricing tactics.

Operation of a supermarket today is a highly mathematical process. The shelf velocity of each item, or the rate of turnover, allied to the mark-up determines pricing.

Thus, what is happening currently, under government edict, is that the corporate chains are shooting prices on such items as for example, coffee, milk, or bread, and are perhaps even taking a loss on these items. But this loss is made up by the increased shelf velocity of the other items caused by people coming in to buy the "hotshot" items, and these items usually carry a higher markup. This can result in bankruptcy for many smaller firms.

Continued From Page 1

is the thinking then perhaps the public should understand that many (by far the majority) small businessmen operate very close to their vest where money is concerned. They, too, utilize credit to purchase merchandise. And when their bills come due, they must pay or receive no more goods. It's that simple.

So when a consumer rides an account for a long time it means that merchant is paying out hard-earned cash for merchandise on which he has received no payment.

COMBINED, THEY HURT

Sure, one bad account won't hurt a merchant. But multiply that one account several times and in varying amounts of credit and you have a merchant that is in hard shape. You even have many who are out of business--busted flat by thoughtless people who feel that they should be allowed to buy and buy and buy--and never pay.

One other thought on this subject: There is a misconception holding forth that it is always the average or low income person who piles up bills on top of bills and never accounts for them. Not by a long shot. There are utterly thousands of people in the world, and some of them in Hondo, who have the money to pay their debts. But they have discovered if they can ride local accounts for several months they can afford to charge other items (or in instances where they buy out-of-town, they even pay cash or within 30 days) which they feel they need to live a life of Reilly.

Thus, their local merchants, and others, are footing the bills for them to put on the dog with their fellowman and live high above their means.

I do not believe it is fair. And I feel that if most credit users would stop and think seriously about what effects their action is having on someone else, they, too, would feel a twinge of guilt--and maybe pay up.

Washington report

Congress pushes health programs

The House of Representatives last week made another try at providing the health and education programs which we believe the people expect from the Federal Government. We had earlier voted appropriations for the Departments of Labor and Health, Education and Welfare, only to have President Nixon veto the bill. The new measure was a compromise.

The total money appropriated in the new bill is \$29.6 billion, a cut of almost a billion from the previous bill. We had to give up some projects we felt worthwhile. For example, the House rejected amendments proposing more money for special education projects, not because such programs were deemed unworthy but because we had to be realistic about the President's attitude. With the school year already started, we did not want delays involved in another veto.

I have noted that the National Education Association, the biggest organization of professional educators, has, in its own words, "indicted the Nixon Administration for its failure to provide leadership in solving the nation's educational ills." But we in the Congress have to accommodate ourselves to the powers of the President.

SOME POWERS EXAGGERATED

Sometimes those powers are made to seem greater than they are. I learn that when the October social security checks are mailed out, the first with the 20 percent increase in benefits -- the mailing is due to contain notices that give the President considerable credit for the raises. The facts are that Mr. Nixon suggested a 5 percent increase, and the Congress increased the figure to 20 percent

because we believed that the older citizens and their kinfolks who help support them simply could not live on the money they were receiving.

There are other mailings going out to senior citizens that suggest the President has been doing many great things for them. So far, I have learned of four such mailings. I also note with interest that the American Association for Retired Persons has protested that "older citizens should recognize and resent being courted every four years as a political bloc."

TRIP WITH PRESIDENT

This report is being prepared a bit early because of other official duties. On Friday, at the invitation of the President, I accompanied him to Laredo to inspect efforts to check influx of narcotics. I welcomed and applauded his interest, because I consider the drug problem a great cancer that could engulf us if not eliminated. I was pleased that earlier in the week he had announced that he would use powers, previously granted to him by the Congress, to halt our economic and military aid to nations that were not doing their best to stop drug exports to the United States.

I believe that drug production must be stopped in other nations, but I am also concerned about diligent efforts to block distribution in our nation. Our law enforcement officers, along the Mexican border and in our interior cities, have been performing well, but I believe increased manpower at the border would help solve the domestic distribution problem. I was pleased to explain this to the President.

1973 wheat allotment notices go to producers

Notices of 1973 wheat allotments and an official explanation of the 1973 wheat set-aside program have been mailed to producers in Medina County, according to Nick G. Riff, Chairman of the County Agriculture Stabilization and Conservation (ASC) Committee.

All participants will set aside an acreage equal to 86 percent of their farm domestic allotment, will earn wheat certificate payments based on their domestic allotment, and will be eligible for Commodity Credit Corporation loans on wheat grown on participating farms.

An additional set-aside option also is offered, Riff said. Contingent upon their 1972 wheat acreage, producers may set aside an additional acreage up to 150 percent of their domestic wheat allotment in return for a payment of 88 cents a bushel times established yield times acres of additional set-aside.

A producer who accepts the additional set-aside option also agrees to limit his production of 1973 wheat. The limitation is determined by the formula: 1972 spring and winter wheat planted acreage on the farm plus any 1972 additional set-aside, minus the 1973 additional set-aside.

"The big point to make at this time is that a wheat grower in the 1973 wheat program can go one of two ways: One--maintain required set-aside and conserving base acreages with no limit on his wheat acreage; Two--maintain required set-aside, additional set-aside, and conserving base acreages and limit his wheat acreage," the ASC Committee Chairman said. "He should check

with the County ASCS Office for full details."

A number of other important items are covered in the official explanation, including a reminder that 1973 is the year when a farmer who did not plant a program crop during the past two seasons can lose his allotment if he fails to plant for a third successive year.

Substitution provisions are spelled out. Soybeans, corn, grain sorghum, and barley may be substituted for wheat to preserve allotment history.

"Then, too, I want to remind producers that set-aside acreage -- both the required and any additional set-aside -- must be of the same average quality as the other cropland on the farm," Riff said.

Producers may ask for set-aside inspection and measurement service from the County ASCS Office in order to assure themselves well ahead of time that set-aside land is acceptable. This service is offered at cost.

I'm Here

Mistle Kay Lawrence

Mr. and Mrs. John Lawrence proudly announce the birth of a baby daughter, Mistle Kay, on September 21, 1972 at Medina Memorial Hospital, Hondo. She weighed eight pounds and eleven and three-fourths ounces and was 21 inches long.

Also welcoming Mistle Kay are her sister, Christie, and grandparents, Mrs. Ray Horner, Mr. Joe Riff and Mrs. Adeline Ashenbeck. Great-grandmothers are Mrs. Paul Schott and Mrs. Bessie Anderson.

Say that San Antonio has just been warned of imminent nuclear attack. Say you are in Hondo, with no fallout shelter on your property. What do you do?

First of all, you have some 45 minutes before any fallout damage reaches this far west. Take your family to the Medina County Courthouse. It is the only struc-

ture in Hondo that offers acceptable shelter against shock and radioactive fallout. One thing more: During those 45 minutes, gather 2 weeks worth of food and water for you and your family, load it into your car, and carry it in to the Courthouse. Then be sure to be one of the first 250 souls to arrive. You see, there is space for about 250

people there, but provisions for zero.

It's a weird story. Talking to officials, asking about Hondo's relative safety in event of attack, projecting damage from a typical warhead dropped in San Antonio, the picture slowly takes shape. There is no protection (man-made, at least), which can give safety to more than a few lucky individuals.

There are, however, many disjointed, untested, and uncoordinated services which, in the event of attack, together are still probably useless.

Ironically, Hondo's greatest hope for safety from fallout, is the fact that the jet-streams of air currents high above the earth tend to move generally eastward, and would keep away some of the lethal radioactive dust.

One of the ambitious projects of the '50s and early '60s, aimed at lessening the toll of nuclear attack, was one in which the Civil Defense Agency provided a complete 100-bed emergency hospital for Hondo and other communities 40 to 50 miles from the perimeter of San Antonio.

At that time, a group of Hondo citizens were trained in the operation of the mobile X-ray machine, the gas-powered generator, and the emergency water pump, as well as in first-aid procedures. Today, it appears that some of these key people have moved away, and nobody has been trained in their place. Indeed, no one has received any training at all in 10 years.

The machinery is still there, crated in a dark warehouse on the Air Base along with beds, sheets, bandages, microscopes, centrifuges, some medicines, and stretchers.

That the equipment is

still there could be something of a relief to Hondoans, but this is not the case.

The equipment is designed for use in the building now used by the Hondo Golf Course, several hundred yards away. Bed-space, water and electrical connections are still there. In order for any of it to be utilized, the crated materials would have to be moved to the Golf Club buildings, then set up. That amounts to hours of work. And, in case of an appreciable amount of fallout, even that building would be unsafe anyway. The whole story reads like a black comedy novel.

Charles Larkin, the Civil Defense director in Hondo, reports that when the City of Hondo allowed the Golf Association the use of their building, space was needed immediately for storage of the obviously very bulky supplies. The nearest such place was the back of the building now used by the Square Dance Club. So, most movable wares were transported there to await use. The power plant, along with a large refrigerator, remain in their place behind the Golf Course building, in a shed. The refrigerator is used and maintained in good order by the Golf Course.

"It used to be that equipment for a certain room or a certain purpose was stored where it would be used, so that it could be uncased easily," says Larkin.

"But when it was moved, we had to put equipment wherever we could find the space."

Today, oxygen bottles and water containers, bandages and blankets, and the partially-disassembled X-Ray machine are arranged in neat rows in the three-room warehouse. The Health Department used to inspect the equipment annually, but Mr. Larkin received notice from them this year that no inspection would be made, and could he check the equipment himself? Some boxes are dated 1956, some later.

You keep looking for someone to blame for the holes in the system, someone who is responsible for the shortcoming and could guarantee safety with a more practical plan. But the realization finally hits that this is the best that could be practically done for Hondo. Short of a shelter for each person, complete with food and supplies and air filters, all connected to a massive underground hospital, there simply is no way to be safe from radiation.

The Hondo operation is designed for a single, admittedly remote possibility: If a single, small-yield warhead strikes the east side of San Antonio and explodes a-

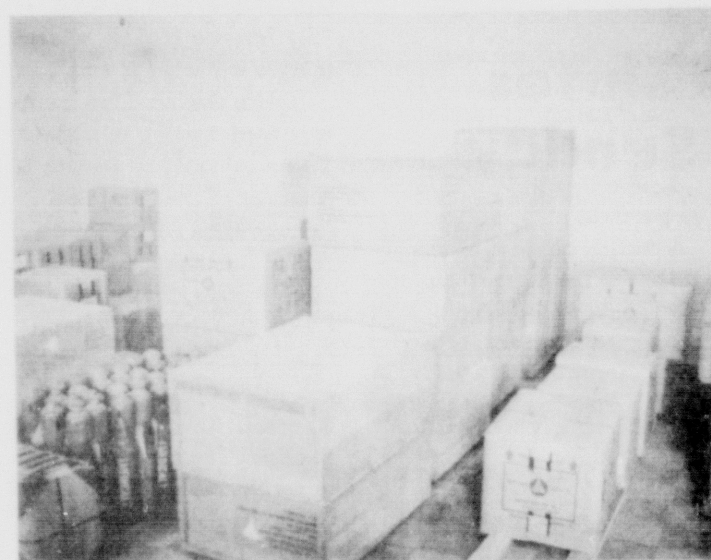

bove ground level (ground-level explosions yield more fallout), and if citizens can be warned in time to fill bathtubs with water and to get to either the Courthouse or the central room of their building, and if the jet stream does its thing:

Then, with a good number of survivors, local doctors and hospital personnel can get to the hospital and set it up to serve any injured or wounded persons. As slim as the chances are of that event, it is one chance that we cannot afford to pass up.

Courthouse provisions and water supplies have been requested, although the Civil Defense has not provided these yet. New classes are planned in operation of the machinery, and the use of the provisions stored at the Air Base. These will be set up through Mr. Larkin and taught in San Antonio, in the near future. It behooves Hondoans to become interested in just what can be done in the event of a nuclear holocaust. When the courses are announced, sign up.

Charles Larkin, local Civil Defense member, has served as inspector and caretaker of hospital supplies since 1965.

These crates, in one room of an Air Base warehouse contain valuable equipment and medicines for the 100-bed hospital stored there. Oxygen bottles are visible in left foreground.

Seven residents to attend brush control Field Day

Seven Hondo area men will be in attendance at the South Texas Brush Control and Range Improvement Field Day slated October 5 at the Chaparral Ranch at LaPryor. Attending the Field Day will be Bruce T. Foster, President, Society for Range Management, Texas Section; George Koch; County Agent Glenn Bragg; Rofe Martin; and Darwin Schrader, Glenn Dittmar and Jerry Turrentine, all of the Soil Conservation District.

Dolph Briscoe, Democratic Candidate for Governor, also will attend the meeting and appear on the program. "Overall objective of the studies is to improve the productivity and income derived from rangeland through the development and evaluation of more effective and economical methods of brush control," said C. E. Fisher of Lubbock, professor and leader of field brush control research with the Experiment Station conducted at the ranch by Texas A&M Extension Service.

The daylong program will include: General Tours from 9 a. m. to 12 noon; a catered lunch from 12:30 to 1:30 p. m.; and program from 1:30 to 3:30 p. m.

Showers honor Rita Muennink

On August 27, Miss Rita Muennink was honored with a miscellaneous shower held at the St. Louis Parish Hall in Castroville.

In the receiving line with Miss Muennink were her mother, Mrs. Marion Muennink; Mrs. Leon Mechler, the groom's mother; their grandmothers and godmother.

Approximately 65 guests were registered in the bride's book by Miss Laurie Mechler, sister of the groom-to-be. The serving table was decorated with a centerpiece of hot pink feather flowers.

Hostesses included Mmes. Bruce Anderson, Lloyd Schuchart, Arthur Weiblen, Melba Haegelin, Eddie Grossenbacher, Robert Grossenbacher, James Grossenbacher, Howard Mechler, Elmer Mechler, Charles Hoog, Michael Weiblen, Emelia Schmitt, Patrick Mechler, Marlin Mechler, Henry Haby, Edward Mechler, Clarence Keller and Edwin Zinsmeyer.

Also, Mmes. Frank Fournier, Roy Lee Bippert, Bruce Anderson, Dennis Biediger,

Anton Czapa, Omar Tschirhart, Robert Boehme, Welton Boehme, Maurice DeCock, Ervin Biediger, Bill Groda, and Miss Janet Haegelin.

SEPT. 10 SHOWER

On September 10, a miscellaneous shower-tea was held at New Fountain Methodist Church Educational Building in honor of Miss Muennink.

The bride's chosen colors of hot pink were carried out in the decorations.

Miss Muennink; her mother, Mrs. Marion Muennink; the groom's mother, Mrs. Leon Mechler; and their grandmothers greeted approximately 75 guests. They were registered in the bride's book by her sisters, Mrs. Kathryn Jackson, Mrs. Marianne Sandig and Mrs. Dorothy Beard.

The bride's niece, Miss Kathi Beard, assisted in opening the gifts.

Hostesses were Mmes. Frank Hickey, Jay E. Muennink, Franklin Muennink, Jim Cain, Rolf Saathoff, Edwin Wiemers, Elmer Nietenhoefer, Marvin Meyer, Milton Nietenhoefer, Wilkes Wiemers, Henry Lindeburg, Floyd Saathoff, Duane Wiemers, J. C. Martin, Walt Egger, Bill Bain, Billy Carr, Kathryn Jackson and G. W. Sandridge.

Also, Mmes. Ken Beard, Glenn Muennink, Albert Bryant, Harold Moehring, W. S. Porter, Glen Gooding, Milton Leinweber, Floyd Steubing, Delroy Dietert, Raymond Hickey, Christina Saathoff, Mary Muennink, and Misses Connie Saathoff and Beverly Muennink.

KITCHEN-LINEN
Miss Muennink was also honored with a kitchen-linen shower held in San Antonio by several of her co-workers.

Mrs. Karen Bain of Devine hosted a personal shower for Miss Muennink in her home on Saturday, Sept. 16. PANTRY SHOWER

On Sept. 24, Miss Muennink was surprised with a pantry shower given by Misses Brenda and Marcella Schuchart, Edith Bippert, Ginger Conrad, Vickie Biediger and Laurie Mechler.

Judith Huesser

Wedding plans told

Mr. and Mrs. J. D. Huesser announce the engagement and approaching marriage of their daughter, Judith Ann, to William Joseph Moffett, San Antonio.

A November 26th wedding is being planned at Holy Cross Catholic Church, D'Hanis.

Rihn reunion draws 225

Descendants of Jacob, Mary and Ida Rihn held their fourth annual family reunion at Koenig Park, Castroville, Sunday, September 10.

Approximately 225 people were present. The six surviving children of the Jacob Rihns are Mrs. Theresa Zimmerman and Mrs. Lenora Zimmerman, San Antonio; and Edwin, Bernard and Ernest Rihn and Mrs. Elmer Jungman, all of LaCoste. All surviving members were present except Mrs. Theresa Zimmerman.

The reunion began with a Mass offered at St. Louis Catholic Church, Castroville, at 2 o'clock p.m. and immediately thereafter, everyone gathered at Koenig Park for an afternoon and evening of reminiscing.

MELISSA MUENNINK, daughter of Mr. and Mrs. Johnny Muennink of Hondo, is the new Hondo FFA Sweetheart, selected by the Hondo FFA chapter to represent them at various activities through the school year. Melissa has been Miss Hondo runner-up, sophomore class treasurer, and an FFA officer.

Jr. Garden Club to meet

The Hondo Jr. Garden Club will meet Wednesday, October 4, at 7:30 p.m. at the Hondo City Auditorium.

A program titled "Beauty in the Sky" will be presented by club members Alice and Bonnie Geuea. The conservation pledge will be led by Mary Jo Rummel. Roll call will be answered by what "my favorite bird is, where it lives and what it eats".

Junior Garden Club members participating in a Field Trip conducted by Darwin B. Schrader of the local Soil Conservation Office were: Bradly Gwartney, Mary Jo Rios, Susanna Carabajal, Chris, Douglas and Valerie Cole, Bonnie Geuea, Curt and Allen Collier, Mary Jo Rummel, Kay and Nancy Martin. These youth are also members of Hondo 4-H Clubs.

The Hondo Jr. Garden Club reclamation center will be manned by club members Saturday, October 7, from 9 to 12 p.m. The reclamation center house, across from Bingo Auto Parts, corner of Ave. K and 18th Street, will continue to be open daily for the collection of newspaper, magazines, corrugated paper tied in bundles, and IBM cards. All paper items are to be placed in the small green house. All tin and aluminum cans are placed in the barrels next to the house for your convenience. --Douglas Cole --Reporter

This week

All she wrote

by Edna McDade

Bear in mind that, while you are reading these assorted paragraphs, tomorrow, Friday, Sept. 29th, is Michaelmas Day in England—one of that kingdom's four "quarter days".

What brought on this unsolicited information was a reference to "1/4-days" which I had to investigate, having thought that "quarter" concerned the old "two bits", a gaited horse, or changes of the moon etc. I'm forever finding out through my curiosity that etc. covers a multitude of unexplored information.

Quarter-days are those English-style days on which quarterly payments are due and tenancies begin and end. Three other such days are Lady Day 3/25; Midsummer Day 6/25; and Christmas Day 12/25.

What a way to celebrate Christmas--by digging up a quarterly payment or catching up with the rent!

LORENE (Mrs. W. A.) BENDELE had a birthday (never mind which) in mid-September. She received a very special gift just five days early. Now she can (and does) boast of having two granddaughters, along with her four young grandsons.

And doesn't Big Sister MELISSA's Little Sister, ERIN KATHLEEN FLINN, have a pretty name? Congratulations to the whole happy family, including UNCLE WALT whose next Stetson will probably have to be at least a half-size larger.

A recent Anvil Herald news item said that the Medina County Gun Club was offering a course in rifle-shooting to women so interested.

Here's a chance for the gals to organize an Annie-Get-Your-Gun sorority--and the MCGC's sharp shooters can't say I didn't warn them!

I like the new FARMCAST weekly agri-business report now appearing in the AH.

With beef prices getting what some producers claim is "bad press", and with Thanksgiving getting closer every meal, turkeys are getting more attention in grocery ads and food news. It now appears that Texas' drop in T-bird production (4% since last year) will limit us to only 16,030,000 drum sticks this year.

A current recipe calls for "One 6-lb hindquarter roast of dark meat turkey ..." plus other ingredients. Cook until done and get set to gobble-gobble.

My knowledge of medical terminology is limited to telling the doctor where it aches me.

I felt some concern for the HHS Owls who were reported to be suffering from "mononucleosis, a highly infectious sickness that used to be called 'kissing disease'."

Was this a wrong diagn-OSIS or is it an old football kisstom?

The OWLS can look ahead to signing up a good man some dozen or so years from now. He is GABRIEL, middle-man in the active trio of the MANUEL and LUCIA GARCIA household.

Gabe was with his mother, older brother EUGENE and baby sister MARIA LETICIA when I met him. He told me that his Daddy works at "the BIG GARY" and confided "When I'm big, I will play football like my Daddy."

Not on the big job at Big Gary, of course.

Future football greats were having a great field day on the Meyer campus when I recently watched kindergarten potentials in a workout directed by Coach GREG MARSHALL. This West Texan has been on the Meyer faculty for about three years, as PE elementary teacher and he certainly has what it takes to establish man-to-man rapport with his young charges.

I caught these names as Coach issued play commands to future OWLS: "Mike, Steve, Lupe, Ronnie, Hector, Carlos, Martin, Adolfo, Rafael ..." and how the kids loved the tough and tumble scramble!

MEDINA COOP's 1972 annual membership meeting is being held this week.

With pleasant memories of several such meetings which I was privileged to attend, I can only say from here, "Wish I were there!"

JIM MYERS, now Assistant Administrator of REA in Big D.C., will be back with homefolks as the day's speaker, and telling 'em how it is.

If NAOMI (Mrs. Myers) just happened to come along for the ride, this is by way of extending my greetings to both.

County teachers will meet

The first meeting of the Medina County Teachers Association will be on October 16 at the McDowell School in Hondo. The Medina County unit is made up of teachers from Hondo, D' Hanis, Devine, Natalia and Medina Valley schools.

Helen Richter, President, was in Austin July 31-August 1 for the 1972 local associations presidents conference of TSTA.

With her at the meeting were the presidents of most of the 20 TSTA districts and 460 local units of the state. Also participating were TSTA

state officers and staff members. At this meeting, attention was given to the organization, activities, and objectives of their local units for this year.

One of the big items dealt with plans for conducting local 1972-73 membership campaigns aimed at a new statewide record 150,000 TSTA members. The local unit will be trying to equal or surpass the number of members from last year.

Other officers of the local unit serving with Miss Richter this year are: Dolores Wil-

son, vice-president; Honor Woerndell, secretary; and John Coyle, treasurer.

Three objectives for this year, besides that of increasing membership, will be (1) to work actively in support of the TSTA legislative program in the 1973 legislative session and to help maintain a quality education program at all levels. (The theme for 1972-73 is "Quality Education for All.") (2) To provide local association programs and activities that will contribute to the professional growth of all members. (3) To work for improved communications and co-operation between teachers and the local community.

At the first meeting in October, we hope to have a speaker from TSTA to tell us about the proposed merger of our state TSTA with the national NEA.

Dog Care Club meets

Hondo 4-H Dog Care and Training Club meets weekly on Tuesday evening from 5:30 to 6:30 p.m. at the Medina County Junior Livestock Show Barn.

Youth are taught what their responsibilities are as dog owners, how to feed them, maintain good health, grooming, obedience training, how to train for dog shows and become acquainted with the many opportunities in the world of dogs.

Hondo Dog Week is Sept. 24-30 where the club will have an exhibit at the Hondo Public Library and also participate in the San Antonio National Dog Week activities.

Hondo 4-H Dog Care and Training Club members are: James and Dean Stewart, Travis, Leonard and Danna Wemette, George Villa, Karen Reinartz, Anna Reyes, Peter Pope, Joe Pina, Bobby Pina, Dawnna Padilla, Sam Nooner, Debra Lindburg, Nancy and Kay Martin, Bonnie and Alice Geuea, Susanne Carabajal, Valerie, Chris, Douglas Cole and Curt Collier.

Doug Cole, reporter

Hondo Young Farmers

New officers for the coming year for the Hondo Young Farmer Chapter were elected Tuesday night, September 19, at the Hondo City Park. Pictured left to right are past president Glenn Dittmar who was elected as reporter; Fred Yanta, secretary; William Reus, vice-president; Wilbur Lindeburg, president; and Fred Graff, treasurer. The new officers were elected at a membership meeting following a barbecue and program on soil fertility presented by the Olin Corporation and Mumme's Inc. of Hondo.

Mumme & Salzman to receive American Farmer Degrees

Official word has been received that two FFA members of Medina County will be awarded the American Farmer Degree in Kansas City, Mo. on October 12.

The American Farmer degree is the highest degree of achievement an active FFA member might gain. Only

one-tenth of one percent of the active FFA membership might be awarded this honor.

Bobby Mumme of Hondo and Morris Salzman of Medina Valley FFA will be two of the 471 FFA members to receive the American Farmer Degree in Kansas City.

4-H training school to be conducted

Four-H Officer Training School will be conducted Saturday, Sept. 30, at 9:30 a.m. at the First Methodist Church Educational Building in Hondo. All newly elected 4-H Club Officers and 4-H County Council Officers are required to attend.

General parliamentary procedure will be studied and the duties of each of the officers will be reviewed in workshops. Joe Fohn, Hondo Anvil Herald, will be conducting the workshop for club reporters. County Extension Agents Glenn Bragg and Gaye Bippert will be conducting the others.

A recreational program will be conducted by the 4-H members who attended the State Ecology Conference, Jimmy Mumme, Hondo; Joe Hartley, Natalia; Deanna Howard, Devine; and Cynthia Marbach, Devine.

Loessberg reunion held

The descendants of John and Julia Loessberg held their annual family reunion on Sept. 24 at Hondo City Park with 106 persons attending.

The youngest person attending was Sean Ray Breiten, son of Mr. and Mrs. Alfred Ray Breiten, and Clara Nietenhoefer was the oldest attending.

Traveling the longest distance were Mr. and Mrs. Harry Loessberg from Oklahoma City, Oklahoma. Others came from Victoria, San Antonio, Nixon, Uvalde, Castroville, Dunlay, Oulhi, Poteet and Hondo.

A basket picnic lunch was served at noon and games were played in the afternoon.

Another reunion is scheduled again for next year in September.

GUINN-HORGER FUNERAL HOME

Noonan Pearson News

By Mrs. Allen Ihnken

Mrs. Oscar Tschirhart was hostess to the Busy Seven Club last Tuesday.

Mr. and Mrs. Allen Ihnken and Ricky Stein visited Tony Orozco Tuesday evening.

Mrs. Roy Tschirhart was at Castroville Tuesday.

Mr. and Mrs. B. J. Wendell are now residing at Devine Rest Home.

Mr. and Mrs. Dan Thedford and Mr. and Mrs. Oscar Tschirhart were at Hondo Thursday.

Douglas Gerloff and children of Castroville visited Mr. and Mrs. Leroy Stein and son Thursday.

Tony Orozco attended the funeral of his friend, Santiago Delgado, in San Antonio Tuesday.

Mr. and Mrs. Herman McGuinty of Abilene, Texas

spent the weekend with Mr. and Mrs. Leroy Stein and son. Roy Tschirhart, Jr. was a brief visitor in the Allen Ihnken home Saturday.

Mrs. Leroy Stein and Ricky were at Castroville Friday.

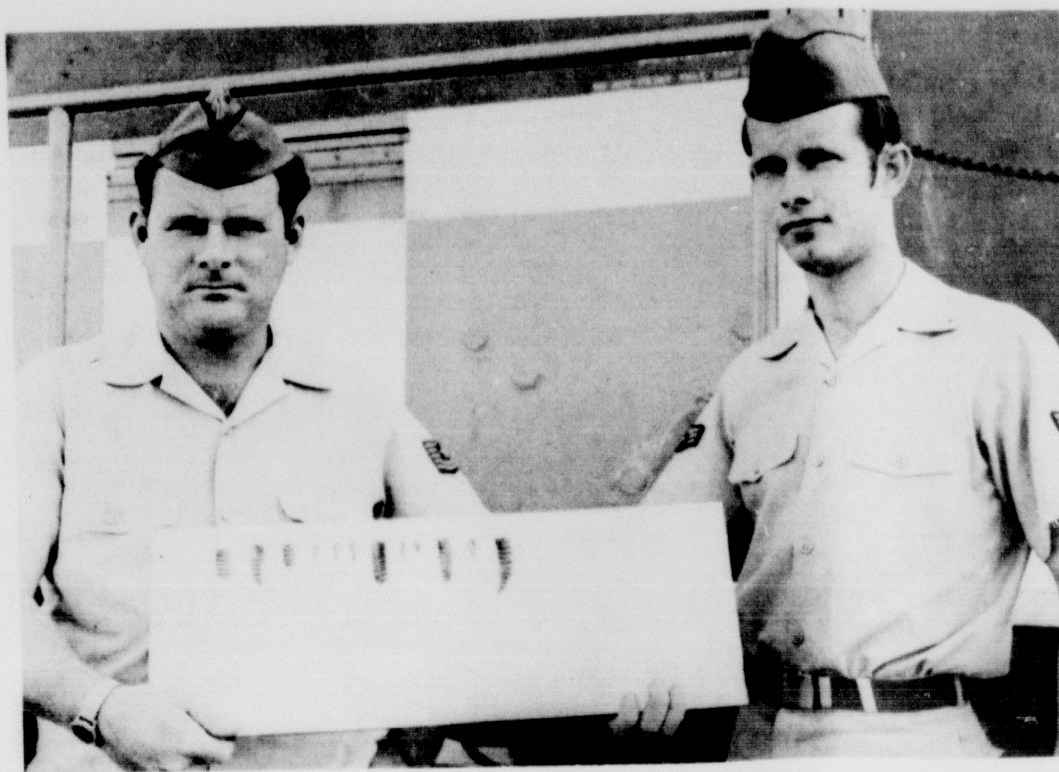

Mr. and Mrs. Ron Boyce of San Antonio visited Mr. and Mrs. Albert Tschirhart Saturday.

Tony Orozco was at Castroville Friday.

Mr. and Mrs. Roy Tschirhart and Mr. and Mrs. Allen Ihnken spent an evening of fun with the Maurice Hays at Castroville Friday.

Roy Tschirhart visited in the Oscar Tschirhart home Sunday.

Mr. and Mrs. Leroy Stein and son were supper guests of Mr. and Mrs. Richard Gass and girls Sunday.

UCO's (unidentified crawling object)

There are some moving objects that the GCA radar unit just can't pick up. Since being stationed out on the Air Base, TSgt. Pete Pike and Sgt. Ray Brett have killed 23 rattlesnakes around their building. The board

displays the tails of a dozen unlucky vipers. Longest complete set (extreme right) has 10 rattles and but-ton. The set in the middle broke off at 9 rattles.

D'Hanis News

by Mary Belle Zerr

Mr. and Mrs. Ray Wolff accompanied Mr. and Mrs. Rusty Attaway of San Antonio to Houston where they were the overnight guests of Mr. and Mrs. Walter John Burrell.

Together they attended the baseball game between Los Angeles and the Astros at the Astrodome.

Mr. and Mrs. Wilfred Fohn spent several days last week as the house guests of Mr. and Mrs. Edgar Ney at Corpus Christi. They also visited Mr. and Mrs. Leonard Fohn at Copano Cove near Rockport. At Sldmore they visited Mr. and Mrs. Maurice Finger.

Mr. and Mrs. Lawrence Weynand and family, the Ray Wolffs and Jake Weynand were among those attending the Rihn reunion held at Castroville recently.

Mrs. Louis Carle, Mrs. Lawrence Carle and Mrs. Joe Langfeld visited Mrs. John Rothe in San Antonio last Wednesday.

Mrs. O. W. Tondre spent Sunday in Castroville where she joined a family get-together on the occasion of the birthday of Mrs. Wilfred Wernette.

FFA News

The Hondo FFA chapter voted to set the annual dues at \$4.25 per member with \$2.10 per member due being mailed to the Area, State and National FFA offices. Date of October 23rd was set for the dues to be paid. The Hondo FFA chapter will submit an annual program of work and the dues to State Education Agency offices before November 1st.

Some contest dates were announced for the following months. The FFA Leadership will be held at Hondo on November 9th. The Revaldina FFA District Land and Range Contest will be held at D'Hanis on October 28th.

Area VII FFA Leadership Contest will be held at Southwest Texas University in San Marcos on Nov. 16th.

Only the first and second placing teams in district leadership contest might move on to Area VII FFA Leadership contest.

For the FFA program a 16 mm film was shown on Conservation of Soil and Water "The Earth is the Lord's" was the title of the film. A copy of this film might be borrowed from the Medina Valley Soil Conservation District if any group is interested in learning about their responsibility to the land which supports all life.

WOOD & WOOD

1105 19th Street Hondo Dial 426-2031

Introducing the Hornet Hatchback. It sure doesn't look like an economy car.

Model illustrated, \$2399.00, equipped with special trim package, sports steering wheel, slot-style wheels and Polyglas tires, optional at extra cost. Prices subject to change without notice.

And it sure doesn't act like one. The big 6-cylinder engine makes it fly. The steering is quick and precise.

When you need extra cargo space, the back seats fold down so you can load up through the hatch for a long vacation.

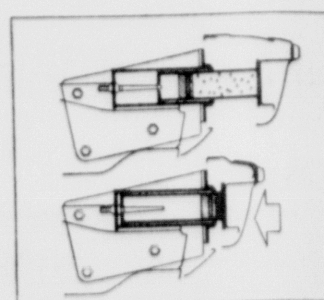

You see, the Hornet Hatchback is really a sports car with room to travel in.

A car that does everything a sports car should do. It moves like one, handles like one, but it doesn't cost like one.

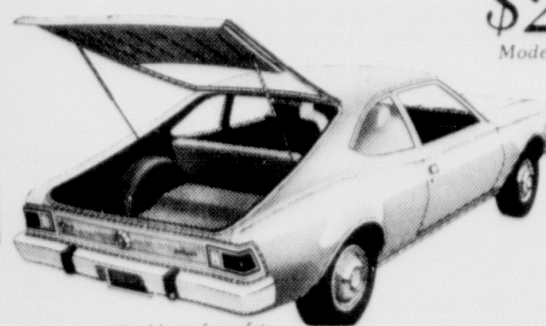

It comes standard with a piece of

equipment no other economy car has. The Buyer Protection Plan.

Only American Motors makes this promise: The Buyer Protection Plan backs every '73 car we build and we'll see that our dealers back that promise.

The new energy-absorbing bumper system on Hornet telescopes the front bumper as much as 3 inches and returns to normal after repeated 5 mile per hour barrier impacts. It's one of the most advanced systems in the industry.

Buckle up for safety.

AMC Hornet Hatchback

\$2399

Model illustrated left

Manufacturer's suggested retail price, state and local taxes excluded. Destination charges and options extra.

AMERICAN MOTORS BUYER PROTECTION PLAN

1. A simple, strong guarantee just 101 words. When you buy a new 1973 car from an American Motors dealer, American Motors Corporation guarantees to you that except for tires, it will pay for the repair or replacement of any part it supplies that is defective in material or workmanship. This guarantee is good for 12 months from the date the car is first used or 12,000 miles, whichever comes first. All we require is that the car be properly maintained and cared for under normal use and service in the fifty United States or Canada, and that guaranteed repairs or replacement be made by an American Motors dealer.

2. A free loaner car from almost every one of our dealers if guaranteed repairs take overnight.

3. Special Trip Interruption Protection.

4. And a toll free hot line to AMC Headquarters.

AMC Hornet

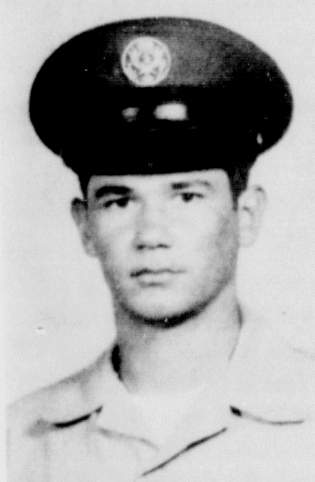

We back them better because we build them better.

SEE YOUR LOCAL AMC DEALER

Economy Motors America..

HONDO, TEXAS

1613 AVE. K

Amn. Santos completes basic

SAN ANTONIO--Airman Jose R. Santos, son of Mr. and Mrs. Jose L. Santos of 1207 16th St., Hondo, has been assigned to Travis AFB, California after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Texas, he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned for further training and duty in the administrative field.

Airman Santos will begin his first assignment this month as the Air Force is celebrating its 25th Anniversary.

He is a 1972 graduate of Hondo High School. His wife, Evelia, is the daughter of Mr. and Mrs. Henry Dominguez of 609 15th St., Hondo.

Conservation tour Oct. 3

At the last meeting of the Medina Valley Soil and Water Conservation Directors they planned a Conservation Tour for October 3, 1972 and a Directors Election in Sub-division #4. The tour will gather at Pearson and at 9 a. m. will proceed to Dr. Carl Goeth farm, west of Pearson where brush control in strips, critical area shaping, concrete lined irrigation ditches with turnouts, irrigated coastal bermudagrass, land leveling, and proper grazing use of coastal will be observed.

The second stop on the tour will be at the H. H. Ra-be farm where irrigated Kleingrass and irrigated wintergreen hardinggrass will be seen.

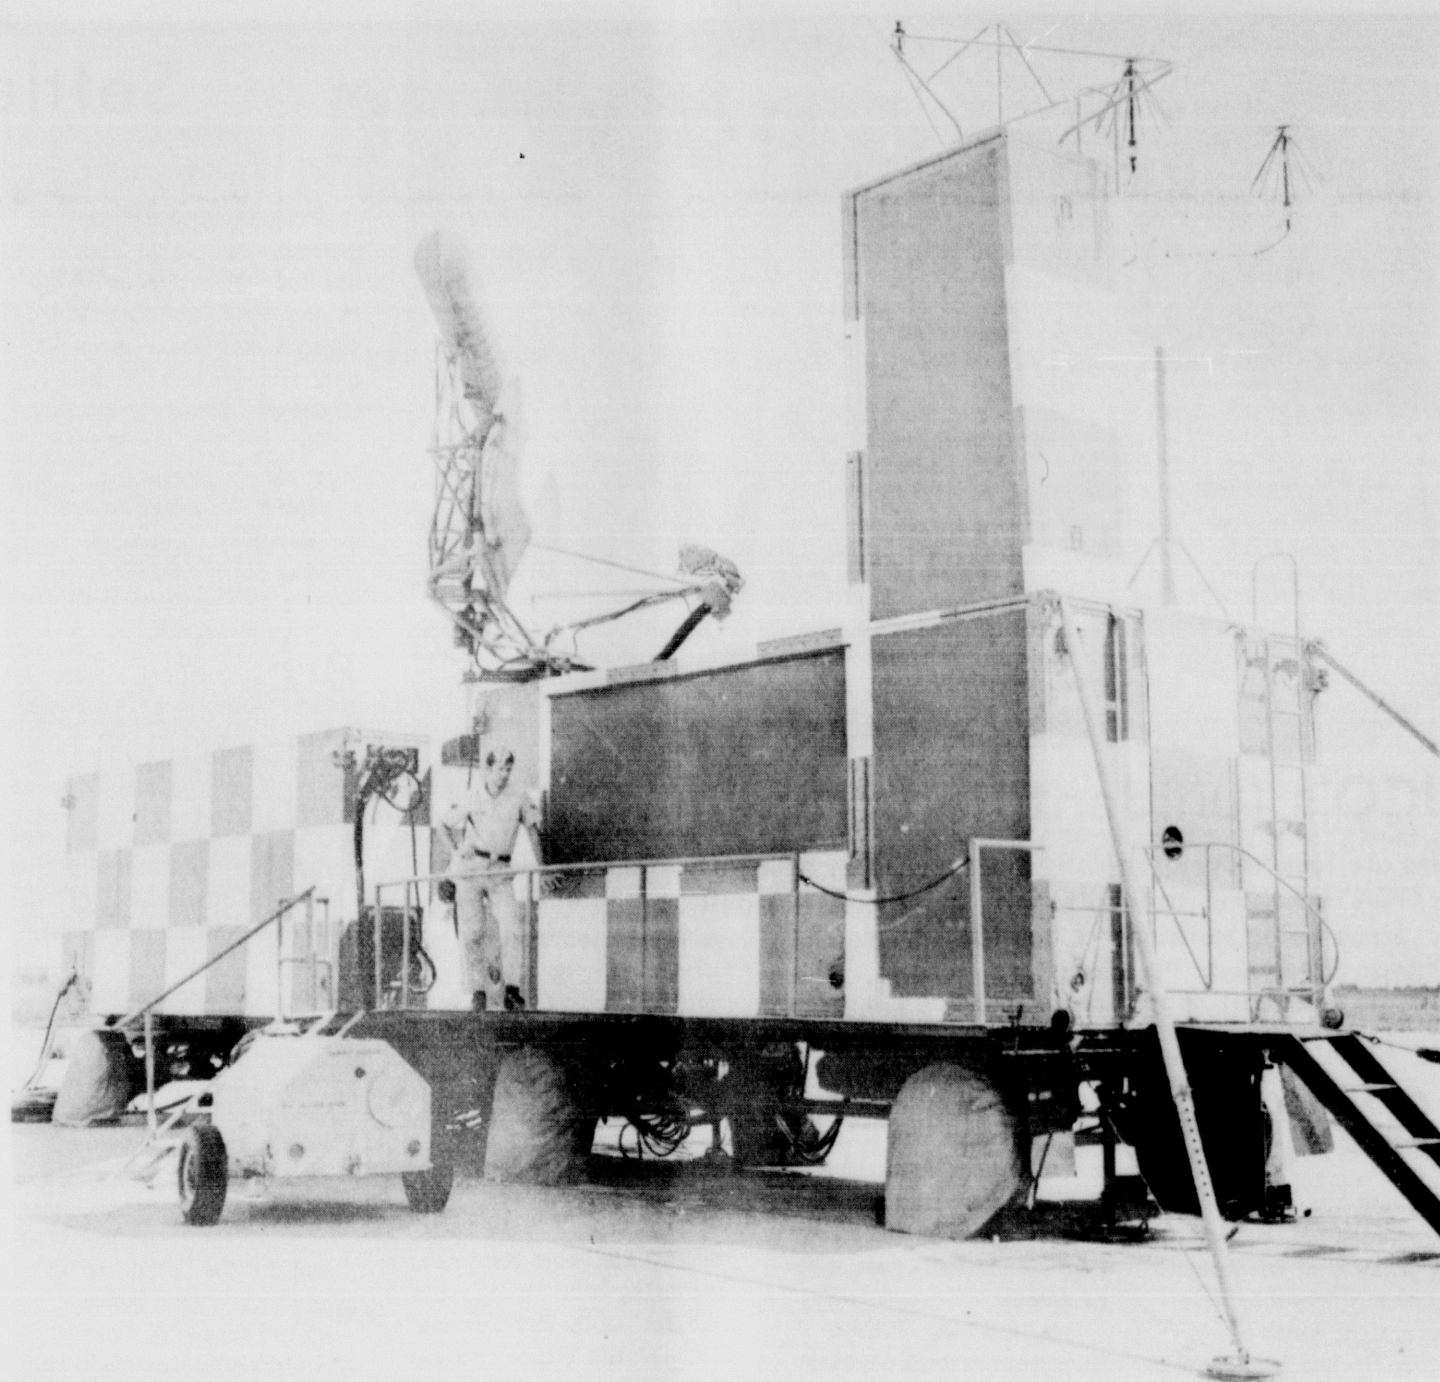

The third stop will be at the John Huff farm where a grassed waterway and irrigated coastal which is being cut for hay instead of grazing, will be seen.

The next stop will be made at the State Fish Hatch-

ery where fish management will be discussed. The fifth part of the tour will be at the John Wipff farm, where Coarctos I Bermudagrass will be seen. This is a grass about which a lot of people have been asking so be sure to be on the tour.

The last stop will be at Frank Silvey's place west of Devine where the group will see some shallow land that has been cleared and put in to coastal. After the tour a free barbecue will be served and a Director will be elected to serve for the next five years in Subdivision #4.

Silvey is the Director now and he can be re-elected or someone else can be elected in his place. Anyone owning land within this subdivision can hold office and vote. Subdivision #4 is the Southeast part of Medina County, south of the Southern Pacific Railroad and east of FM462 (Hondo to Moore). Make your plans now to attend the tour, eat barbecue and participate in the election.

Changing colors

Personnel at the Randolph AFB Ground Control Approach site at Hondo Airbase are showing off new colors now. For a long time, or ever since they came to Hondo almost two years ago, the unit which houses the radar scopes used to guide the

jet aircraft to controlled landings was a drab green. But not now. A re-paint job a couple of weeks ago turned it into this colorful orange and white checkered look. Sgt. Ray Brett stands on the platform to show off the new colors.

Services pending in Mexico

Funeral services were pending in Durango, Mexico for Elisa Varraza Valenzuela, 40, of Durango who died in Hondo September 14, 1972.

Mr. Valenzuela is survived by his wife, children and other relatives. His body was flown to

Durango, Mexico from San Antonio in care of his sister, Salvador Perches in El Paso, for funeral arrangements.

Local arrangements were made by Phillip Tschirhart of Hondo. Interment will be in Municipal Cemetery, Durango, Mexico.

Here in Hondo

Guests of Mr. and Mrs. G. O. Braden Sunday were: Mr. and Mrs. Jim Rogers and daughters, Susan, Sandra, Joan and Miss Debbie Howard

of Hondo; Lt. Col. and Mrs. R. G. Shaw and children of San Antonio and Mr. and Mrs. Tom Jungman and daughters

of Castroville.

The occasion was the birthday of Mrs. Jungman. Also visiting briefly was George Rucker of Arlington, Texas, who came out from Houston to visit his father, Louis Rucker, who is in Medina Memorial Hospital at this time.

"If you like to learn new and better ways to do things, then try joining a home demonstration club," said Mrs. Gaye Bippert, Extension county home demonstration agent in Hondo.

The agent said that home demonstration clubs offer an

opportunity for the homemaker to learn the latest information about home and family life.

Anyone may join a club. Any person interested in improving home and community life is eligible for membership, according to Mrs.

Bippert.

"A home demonstration club is a group of homemakers who learn together," Mrs. Bippert said. "Members help determine and develop ideas for programs."

Members take part in discussions, participate in club-sponsored community projects and even teach lessons at meetings. The club meets monthly. Elected officers conduct a short business session.

The agent pointed out that it's not necessary to join a club to learn about homemaking.

"You can participate in short courses, workshops, special meetings and tours sponsored by Texas Agricultural Extension Service," she said.

A less formal group is the Extension home economics study group which meets fewer times annually. It often has a series of programs about a single subject matter area. An Extension home economics study group may either have elected officers

or only a chairman who directs business that arises.

"There are no required dues for membership," Mrs. Bippert explained. "Your major investment is your time to learn and share new information. Clubs have fund-raising projects to support special activities. And no charge is made for instruction from the county home demonstration agent."

She said that if there's no club in your area, you may form one. A small group with similar interests may either be a regular home demonstration club or an Extension home economics study group.

"If you'd like to form your own club or group, let me know and I'll help you organize one," Mrs. Bippert said.

Contact her by writing or calling the Texas Agricultural Extension Service in Hondo at Box 445 or by calling 426-2233.

Join a home demonstration club

Where you see the TRA Emblem

A business dedicated exclusively to producing and applying liquid fertilizers is Leon's Seed and Fertilizer, Inc.

They can provide any analysis of fertilizer and apply it in any amount per acre, thanks to an application rig which Leon and his three associates, Justin Jungmann, Milton Tschirhart, and Mike Perales, designed and built themselves.

Built around a Dodge truck chassis, the rig can cover 35 acres per hour on special flotation tires for diminished soil compaction. Out of the twin booms

sprays a 50' swath of fertilizer, marked at both ends with dye markers to prevent skips and overlaps.

Around Castroville, and as far away as La Veria, the rig has been used for small grains—oats and wheat, coastal bermuda, and for stubble-treating corn and milo to speed stalk deterioration.

For row crops, the nozzles are made to fit 36" rows. Leon's has been in business in Castroville for 12 years now, and they still serve their customers' fertilizer needs quickly and efficiently.

Library News

Contributions to Hondo Public Library continue to increase the amount of reading and reference material for our members.

Six volumes of "The New Practical Reference Library" were donated by Mrs. R. K. Stacy and Mrs. Eva Dugger. Also new to our shelves is the October Doubleday Book Club selection, "The Late Mrs. Fossell" by Velda Johnson.

From Mr. and Mrs. Harold Herring, Mr. and Mrs. Norman Buescher, Mr. and Mrs. George Retherford and Mr. and Mrs. O. M. Redus, the library received much good reading in the form of paperbacks and magazines. Recently, the library mailed notices to all those readers who still have not returned their overdue books, and would remind those readers that no fine is charged for late return of books. The bookdrop, plainly marked, is in north side of front wall, and books may be dropped there at any hour.

Hondo Public Library shelves have been enriched by a contribution from Charles J. Ney, which included "The Mind Alive" by Harry and Bonaro Overstreet, "Korea Seen from Abroad, Vol. IV" by J. C. Hong, "The Mature Mind" by H. A. Overstreet and Webster's "Synonyms, Antonyms and Homonyms". Mr. Ney also gave the library two paperbacks, "Today's Isms" by William Ebenstein and a student guide book, "Let's Go to Europe".

Glena Reilly's colorful gift of a beautiful bouquet of red roses was enjoyed by many.

Mr. and Mrs. Paul Reilly and Mr. and Mrs. Jack Reilly brought in more magazines, as did Mr. and Mrs. Ferd L. Rothe. The library also now has the paperback edition of "Tracy and Hepburn" by Garson Kanin.

If you have not visited the Hondo Library recently, please come in and browse around. You will be amazed

at the variety and amount of reading matter you will find there.

Regular library hours are 11:30 a. m. to 5:30 p. m. Monday through Friday. Lottie Maw, librarian, and Ina Mansell, assistant, will make you welcome and help you to find whatever you want to read. The library has an extensive collection of reference books on almost any subject.

Don't forget, the bookdrop is waiting for your overdue books, which can be deposited there at any hour.

Hondo Public Library says a big "Thank You" to all its fine contributors and a special one to Mr. and Mrs. Robert McGarity for their check in the amount of \$125, as a memorial to Mrs. McGarity's father, V. A. Brill. This made possible the purchase of a five-drawer catalog file, which was badly needed.

More new-to-library books, paperbacks and magazines have found their way to our shelves for our readers' pleasure. Mrs. Oscar Barrientes brought us some magazines. So did Mr. and Mrs. Emmett Kollman and the Paul Reilly family.

Arlene Salzman and Marciene Bendeke gave us some paperbacks, and Virginia Clift donated the Ernie Pyle books and Mr. Pyle's biography by H. G. Miller.

From Barbara Weems we received two paperbacks, "The Shadow of the Lynx" by Victoria Holt and "Bright Deadly Summer" by Barbara James, and "Tales of Terror and the Supernatural", edited by Herbert A. Wise.

Mrs. Lottie Maw, Librarian, reminds the Summer Reading Program members that their certificates are ready and can be picked up at any time.

Please try to get to the library with your overdue books. So many other people would like to read these, and remember, there is no charge made for late-returned books.

Social Security

Retiring workers are advised to call on the Social Security Administration two or three months before retirement and thus avoid a delay in the payment of benefits, says Roy L. Swift, district manager in San Antonio.

"Early application for social security benefit will enable us to attend to details necessary in the processing of a claim," he said.

"Everyone should apply for Medicare two or three months before age 65 to have the health insurance protection at the earliest possible time," according to Swift.

Each applicant must furnish some proof of his age and an earnings statement showing the amount he made last year. A self-employed person should furnish a copy of his latest income tax return.

For further information, see your social security representative when he is in your area. Your representative will be in Hondo at the City Hall at 8:45 a. m. Monday, October 2.

QUESTIONS

AND ANSWERS

QUESTION: I work in a restaurant and my employer withholds social security contributions on the value of the meals he furnishes me. Is this right?

ANSWER: Yes. Wages in kind from work in a restaurant count for social security purposes. Your employer is required to withhold the social security contributions on the value of your meals plus your cash wages.

QUESTION:

I became disabled a couple months ago and want to apply for monthly disability benefits from social security. I know I can't do my regular job any more. Who will decide whether my disability will keep me from doing any other work?

ANSWER: You apply at your social security office, but doctors and vocational specialists in a State agency (The Texas Rehabilitation Commission) who have had experience in seeing the effects of disabilities upon people's abilities to work make this decision. They study all the facts you have submitted, the medical reports, and information about your training, skills and education.

QUESTION: I just found some doctor bills from last year and was wondering if I could still send them in to Medicare for payment. Can you tell me if there's a time limit on claiming medical expenses from 1971?

ANSWER: Yes, there's a time limit. It's December 31, 1972, for services received from October 1, 1970, through September 30, 1971. It's December 31, 1973, for services received from October 1, 1971, through September 30, 1972.

HERE IN HONDO

Mr. and Mrs. H. A. Schweers, Jr. of Austin visited his parents, Mr. and Mrs. H. A. Schweers, Sunday.

Harmon Pro Forecast

KANSAS CITY 27 DENVER 23

Chiefs just might run into all they can handle from the Broncos . . . Steve Ramsey has moved the club real well.

DETROIT 31 CHICAGO 17

Even though the Lions are back down from being sky-high for the Vikings last week, the Bears just don't have enough to stop the Detroit offense. WASHINGTON ... 31 NEW ENGLAND 13

The Redskins' "Over-the-Hill" gang still has the Super Bowl uppermost in their minds. With two big wins stowed away, this should be Step Number Three.

NEW YORK JETS... 30 HOUSTON 21

Jets travel to the Big Country, and should come away with a Big Win over the Oilers. Score will be higher if Namath stays on target as he did last week.

MIAMI 24 MINNESOTA 20

Dolphins beat the Vikes 21 to 19 in the exhibition season. This one will be another bitter battle . . . almost that close . . . and Miami will do it again.

MONDAY NIGHT

NY GIANTS 28 PHILADELPHIA 24

Giants just may win their first of the season after the toughies against the Cowboys and Lions. But - don't sell the Eagles short.

PITTSBURGH 21 ST. LOUIS 20

Both teams started strong with upset wins . . . the Steelers dropped off and the Cards did the same. This is almost a toss-up . . . edge to Pittsburgh.

SAN FRANCISCO . 23 NEW ORLEANS 14

After getting caught in Buffalo's upset country last week, Brodie, Washington, and the rest of the 49ers should have things pretty much their own way.

BALTIMORE 28 BUFFALO 20

And if the Colts aren't careful, they'll also get caught in the "Bills-trap". If Units can continue to move as he did against the Jets, Colts should win it.

LOS ANGELES ... 24 ATLANTA 17

Rams played "dead" during the exhibition season, and died a little last week too. Falcons should be mad . . . good chance for upset.

OAKLAND 21 SAN DIEGO 10

The Raiders play at home in a game they really need, to stay in the thick of things this early in the season. A loss here would give John Madden quite a task.

DALLAS 27 GREEN BAY 13

Packers might hold their own very well - for awhile. Giants proved stubborn for the Cowboys, but just couldn't stay with them.

CINCINNATI 25 CLEVELAND 23

Bengals should win the first 1972 Championship of Ohio. Browns are finding themselves and Cincinnati coming off big win over Pittsburgh.

3 hurt in auto mishap

Three area residents were injured in Hondo weekend traffic mishaps. A 54-year-old Bandera Road resident was injured Saturday when the car in which she was a passenger was struck by a second auto at the intersection of Avenue M and Highway 90.

She was Rosa Campos, who was taken to Medina Memorial Hospital for treatment of minor injuries. She was a passenger in the car driven by Juan Corona, also of Bandera Road, Hondo, Corona was not injured.

Driver of the second car was identified as Guy Turner, 32, of San Antonio.

A third vehicle also involved in the rear end collision was driven by Miguel Cardenas, 44, also of San Antonio. Neither Turner or Cardenas was injured.

A two-car accident Sunday night at the intersection of 22nd Street and Avenue M injured two Hondo teenagers.

Taken to Medina Memorial Hospital were 15-year-old Oralia Rodriguez of 106

15th Street and 16-year-old Elizabeth Alvarez, of 2603 Avenue E. Neither was seriously hurt.

They were passengers in a car driven by a Pearsall youth, 18-year-old Ruben Trevino. Trevino and the driver of the second auto, Clarence Wolff of D'Hanis, escaped injury.

Here in Hondo

Mr. and Mrs. Dewey Verona have returned to their home after a three-weeks stay in Springfield, Mass., visiting relatives and friends.

FINGER DRAGGED DOWN

. . . by two Clemens linemen after a keeper.

Bohls looks at St. Gerard's

"They're quick," said Coach Bohls when asked how to describe the St. Gerard's Royal Blues.

"Who's quick?"
"All of them; line, backs, defense . . . They're all quick. And fast, too. And they like to pass."

The rest of the description goes like this:

The Blues run from a pro set, with 2 split ends and a slot man; they always have two, sometimes three wide receivers. With a setup like that, they don't look like the old four-yards-and-a-cloud-of-dust offense.

They came out against South San last week, and passed on the average three out of four times. They still lost by a 19-12 margin, but South San Antonio has a good team, too.

Being 0-3 going into Friday night's game, St. Gerard's is looking for their first win. So far, they have faced a 3-A and two 4-A teams, and their Texas Catholic Interscholastic League rating places them roughly in a AAA size. So Hondo will be the smallest school so far on their schedule.

Scout training offered

The Texas Valley District of the Alamo Area Council, Boy Scouts of America will conduct a University of Scouting Training Course on Saturday, October 7, at the Trinity Lutheran Church on South Flores.

Purpose of the University of Scouting is to give everyone working in scouting the opportunity to receive needed training in scout leadership.

Registration will begin at 12:30, and fees will include an evening meal. Sessions will include training for Cubmasters, pack committeemen, Den leaders, Webelos leaders and Den leader coaches, in the Cub division. Boy Scout training will be for scoutmasters, assistants, and troop committee members.

Village Exchange opens Sat.

Castroville Mayor Pro Tem Eugene Sachs will officially open the Castroville Village Exchange at 10 a. m. on Saturday, September 30.

The Village Exchange, in the Vance House on the Landmark Inn grounds, is a cooperative, non-profit corporation of Castroville citizens to provide an outlet for works of local artists and craftsmen.

It will include paintings, folk art, decoupage, sculpture, as well as quality antiques and ornamental plants. No "Souvenirs" or imported merchandise will be sold; all items except antiques will be locally made.

Beginning September 30, the Village Exchange will be open every weekend, from 10-5:30 Saturdays and Sundays.

"What will Hondo have ready for them?" Bohls was asked.

"Maybe Mark Buescher. He's working out this week, and may see limited action, probably on defense," reported the head coach.

"No one was injured in the Clemens game, and we played 29 boys that night, out of the 35 on the squad. Five weren't suited up, and Raul Rios still was hurt from

the Floresville game."

Asked about the general quality of the Clemens game, Bohls said, "I was pleased with the Owls' play against Clemens. We didn't have the costly fumbles, and there was just that one interception."

"There were some missed blocking assignments, but no real glaring mistakes to correct this week."

BIRDWELL SACKED

Clemens' Bobby Birdwell has just run out of room as two unidentified Owls have a hold of him, and Juan Campos and Fred Bader approach.

Un-official Weather

Taylor-Chapman Service

It was predicted Monday afternoon that a cool, wet norther would pass through Hondo this week.

When no rain had fallen yet Tuesday morning, Doc Taylor came into the office to assure the Herald staff that the rains would still be forthcoming. This prompted a session of battling different rain signs back and forth.

Among the more reliable sources of rain signs mentioned was that habit of snails climbing on buildings, plants, or whatever before a gully-washer, allegedly to keep their antennae out of the rainwater.

Obviously if you're a snail, you need a considerable head start, and the little shelled creatures usually depart ground level about a day or two early. Hence, a rain sign.

Another sign of rain mentioned by the Doctor is the "Autumnal Equinox", which sneaked up on us this year, hitting Saturday, September 23. In past years, notably 1969, '70, '56 and '57, there was sizeable rains recorded on both autumnal and vernal (spring) Equinox.

Spring Equinox occurs on March 21, marking the first day of spring. Autumnal Equinox marks the first autumn day. Both are the result of the sun crossing the Equator, and shining exactly 12 hours everywhere. Result, a day of 12 hours daylight, 12 hours darkness.

The Equinox rains recorded around the county include these:

Rancho Chico, 2 in.; T. Hollmig, 2.25; Al Hollmig, 2.25; J. & D. Finger, 2.25; F.

Saathoff, 2.25; Geo. Muen-nink, 2.10; Les. Muen-nink, 1.50; Elmer Bader, 1.70; "Ruff" Mummie, 1.35; A. Wandland, 2.15; Rolf Saathoff, 1.60; Ralph Graff, 1.40.

Also, M. M. Fohn, 1.90; W. L. Saathoff, 1.50; Bartholome Rn., 2 in.; C. Muen-nink, 2; Short Rn., 2.50; Pat Wernette, 1.75; John Coyle, 1.90; Joe Lein-weber, 1.70; Jim Lynch, 2.70; R. M. Chapman, 1 in.

Also reporting were Wood Chapman, 1.50; Frank Rothe, 1 in.; Wm. Reus, 2.10; M. Batot, 4 in.; Bonnard Rothe, 4 in.; Gus Rothe, 1.90; B. Oeffinger Rn., 2.50; Jagge Rn., 2.50; and M. Brucks, 2.50.

D'Hanis reported 2 in., Frank Graff, 1.50; Horace Britsch, 1.50; Chet Saathoff, 2 in.; Howard Rothe, 3.60; Frank and Arthur Latz, 2.10

This week proved to be a virtual flood of rain signs, for not only did Equinox happen, but Doc brought in this snail early Tuesday afternoon, climbing up a gasoline can from Rancho Chico.

He claims the snail, a male, is named Pluto, and that it was searching out some food, and needed to climb the can to reach a feed sack of "Chapman's Best".

Along about 5 o'clock Tuesday, in the height of the shower, a voice crackled over the telephone wires. "Need I say more?" It chuckled as the rain beat on the roof.

No, Doc, Sigh.

HONDO ANVIL HERALD
16th & K, Hondo, 426-3346

Every time we think we've seen all the clever posters found in the various cafes in the hunting and fishing areas of the Lone Star State, we come across another.

You'll get a chuckle out of the following.

INSTRUCTIONS YOU MUST HAVE FOR YOUR HUNTING TRIP:

1. First you need a fast car—so you can beat the other hunters to the best spots. That will give you a chance of being killed before you get out in the woods. And save some other hunter some ammo and the mess of shooting you.
2. One or two cases of whiskey, four cases of beer, and lots of ammo. Food, tents and sleeping bags take up a lot of space, so get another case of whiskey, instead.
3. Be sure to shoot at anything that moves. If it's not a deer, there's always a chance it might be your mother-in-law.
4. Now, when you bag a deer, be sure and shoot all the shells you have left into it. This will be sure to splinter all the bones and bust all the entrails.
5. Don't bother to wash or wipe it out as the blood and manure will improve the flavor. Besides, the locker plant operator will be disappointed if you bring in a clean one.
6. If you decide to skin it, be sure to roll it around in the dirt, leaves, and pine needles. Then wrap it in newspapers as they will stick well, and printers ink has the delicate flavor of burnt rubber.
7. Now bring it out to the car, throw it over the hood as close to the radiator as possible, so it will get ALL the heat and dust, and so people will be sure to see that you got one!
8. On the way home, stop at a tavern, so you can tell the other liars how you killed it. And be sure to stretch your kill into at least a mile.
9. Be sure to stay at the tavern until you are sure the locker plant you want to hang your deer in has been closed for the night and the operator is sound asleep. Call him now and tell him to get right down, as you must get your deer into the cooler before it spoils.
10. He will no doubt have a couple hundred hanging around. So make sure he cuts yours first—and makes it all into choice steaks and chops.

Tech to edge Longhorns by five points, Harmon says

It should never be said, especially by someone in this crazy business of forecasting football. However, we'll say it: this week doesn't look like a particularly tough week for most of the teams in the Top Twenty. Only about four of them really face problems. So . . . watch the upsets!

Oklahoma, still very much the Number One Team in the nation, shouldn't have to work too hard to handle Clemson. The Tigers are 57-point underdogs to the Sooners!

Southern Cal remained in the runner-up spot, and they just might have a troublesome ball game with some unhappy Spartans of Michigan State. The Spartans dropped out of the Top 20 after losing to Georgia Tech last week. The Trojans will win by 16.

One of Saturday's major struggles involves 7th-ranked Tennessee and Auburn. The

Volts and Tigers have had some real battles through the years. The Tigers lead in their series, 12 games to 10. This year Tennessee seems to be the power . . . Auburn to lose by 18 points.

The Buckeyes of Ohio State not only started their season a week late, but then promptly took a week off after their first game. The Bucks, rated 15th in the Harmon system, will clip North Carolina by 13 points.

In the Big Eight, Colorado meets Oklahoma State in a league game. The Buffaloes, rated 6th, should have little trouble winning by 27 points. Nebraska, #8, and Iowa State, #14, play outside the conference. The Cornhuskers are favored to beat Minnesota by 41 points, and the Cyclones are 13 points stronger than New Mexico.

Purdue gave Washington fits last week, but the Boiler-

makers may have fits of their own this week. They meet Notre Dame, rated 3rd, and the Irish are 30-point favorites.

Another toughie matches Texas and Texas Tech in a Southwest Conference game. The Red Raiders are rated in the #12 spot this week . . . Texas is 16th. Based on our power quotients, this could go either way. We'll take Texas Tech by five points.

That big winner in last week's top intersectional game was Michigan, now the Number Five team in the country (they actually stayed right where they were). The Wolverines can't afford a let-down as Tulane has been making very loud victory noises. Michigan is favored over the Green Wave by 18 points.

Tenth-ranked L. S. U. runs into undefeated Wisconsin, but the Tigers will win by 15.

St. Gerard's Royal Blues

The Catholic Interscholastic League seems to have a high turnover in champions in the 3-AAA District which includes Anderson, Central Catholic, Holy Cross, and St. Gerard's of San Antonio. Last year, the top of the shaky heap was held by the Royals, who finished the year at 7-4.

This year they're picked to take second place to Antonian, but the whole outlook indicates another close finish.

St. Gerard's will return a small but talented group of last year's regulars, two on offense and four on defense. Speed seems to be their

strong suit, especially from quarterback Robert Cuellar and halfback Keith Griffin, along with tight end Mike Bachaler.

Among the best linemen to watch for are Carlos Salazar and Geraldo Robledo.

The Royals lost their first game by 19-6 to East Central of San Antonio.

They dropped their second game to Del Rio by a 35-6 margin.

And last week, South San Antonio made things worse by hanging a 19-12 defeat around their neck.

This week they're determined, they're looking for a win, and they might as well look in Hondo.

LEADING THE D'HANIS COWGIRLS THIS YEAR

... are the 1972-73 drum majorette and twirlers. Left to right are Dolores Weynand, drum majorette; and Margie Muniz, Marilyn Scott, and Mary Alice Nester, all twirlers.

A D'Hanis Cowboy ball carrier plunges forward for good gain in Friday's game against Bandera. Despite the effort, Cowboys lost 27-0.

B-team wins, Frosh lose

The Hondo Owls split at Pearsall Thursday night winning the "B" Squad game 6-0 but absorbing a 28-8 loss at the hands of the Pearsall Freshmen.

Bobby Ibarra scored the only touchdown for the Owl Freshmen on a short run as Pearsall dominated the game.

In the "B" Squad game the Owls held Pearsall to just four first downs and the Mav-

ericks never got inside the Owl 25-yard line as Hondo posted the 6-0 win. The only score on the game came in the second quarter when Mike Groff tossed a clutch fourth down touchdown strike to Simon Arcos from the 15-yard line.

The Owl Freshmen and "B" Squad will host Devine teams next Thursday night at a win, and they might as well look in Hondo.

Bandera defeats D'Hanis 27-0

The D'Hanis Cowboys had their hands full from the very beginning Friday night against Bandera, as Bulldog quarterback Billy Jennings passed for a 51-yard scoring bomb on their first play from scrimmage.

Bandera went on to defeat the Cowboys 27-0.

Before the first period was over, Jennings again hit Trine Fernandez, this time for a 77-yard bomb, and the score stood 14-0 as Jennings also added the extra point kick.

The second quarter passed with both teams playing good defense, and the score was unchanged at halftime.

But in the third quarter, Bandera struck again on a

51-yard scoring drive that ended as Gary Quarles ran for 7 yards and another TD. The point after was unsuccessful.

In the same quarter, Jennings found Willis Pender for 12 yards to cap another scoring drive, and the point after made it Bandera 27, D'Hanis 0.

The fourth quarter, like the second, saw no further scoring, and the game ended at 27-0.

The loss was the first of the season for the Cowboys, who now stand at 2-1. Bandera has an identical 2-1 record.

Statistics were: (Bandera first): first downs, 16-8; yards rushing, 163-74; yards passing, 208-73; passing, 10-16-0 to 5-19-4; fumbles lost, 3-1; punts, 2-33, 4-35; penalties, 45-60.

This Saturday night, the Cowboys open their home season in an 8 o'clock game against Comfort, second-ranked among Class A teams.

Reunion

The descendants of Adolph and Mary Nietenhoefer will meet Saturday, Oct. 14 at the Hondo City Park for their annual family reunion.

Everyone is urged to bring their own food and serving will begin at 5:30 p.m. The rest will be furnished.

Legal Notice

NOTICE TO BIDDERS

Advertisement for Bids for "THE CONSTRUCTION OF A SANITARY SEWER COLLECTION SYSTEM AND WASTE TREATMENT FACILITY FOR THE MEDINA COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 2, D'HANIS, Texas.

Sealed bids will be received by the Medina County Water Control and Improvement District No. 2, D'Hanis, Texas, hereinafter referred to as the "Owner" for "Construction of a Sanitary Sewer Collection System and Waste Treatment Facility," on or before 8:00 P.M., OCTOBER 10th, 1972, in the Fire Station in D'Hanis, Texas, at which time said bids will be publicly opened and read. All bids must be made on the blank forms of proposal attached to the specifications. Each bid must be accompanied by a certified check or bidder's bond payable to the Owner for five per cent of the total amount of bid.

A performance and payment bond in the amount of 100% of the contract price with a corporate surety approved by the Owner and the Engineer, will be required for the faithful performance of the contract, and the bidder shall state in the proposal the name and address of the surety or sureties who will sign this bond in case the contract is awarded to him.

The party to whom the contract is awarded will be required forthwith to execute the contract and a performance and payment bond within ten calendar days from the written notice of the award of the contract is mailed to the bidder at the address given by him. In case of failure to do so, the Owner may at his option consider that the bidder has abandoned the contract, in which case the certified check or bidder's bond accompanying the proposal shall become the property of the Owner.

The contract will be awarded on the lowest and best bid. The Owner reserves the right to reject any and all bids or to accept any bid. It is understood that the work to be done is being financed with a loan or grant or both from the FARMERS HOME ADMINISTRATION, U. S. DEPARTMENT OF AGRICULTURE.

Contractors' proposals shall hold firm for 90 days to allow the Owner to complete its financing arrangements. Mutually agreed upon extensions of time may be made, if necessary. Before the award of the contract, any bidder may be required to furnish evidence satisfactory to the Owner and to the Engineer of the necessary facilities, ability and pecuniary resources to fulfill the conditions of the said contract.

Proposals which are incomplete, unbalanced, conditional or obscure or which contain additions not called for, erasures, alterations or irregularities of any kind of which do not comply with the Notice and Instructions to Bidders may be rejected at the option of the Owner. A bidder may withdraw any proposal he has submitted at any time prior to the hour set for the closing of the bids provided the request for withdrawal is signed in a manner identical with the proposal being withdrawn. No withdrawal or modifications will be permitted after the hour designated for closing the bids.

For the purpose of clarification it is understood that the work to be done is being financed in whole or in part by the means of a loan or grant made or insured by the United States of America acting through the Farmers Home Administration, of the Department of Agriculture. The Farmers Home Administration will, therefore, require approval by its representatives of all contracts, attachments, and similar documents, all partial and final payment estimates, and all change orders.

Nondiscrimination in Employment Bidders on this work will be required to comply with the President's Executive Order No. 11246. The requirements for bidders and contractors under this order are explained in the specifications.

The plans and specifications may be obtained from the office of Frank T. Drought Consulting Engineer, 342 W. Woodlawn Avenue, San Antonio, Texas (Mailing Address: P.O. Box 12389, San Antonio Texas 78212). A deposit of \$50.00 will be required for the plans and specifications, \$50.00 of which will be refunded to those returning plans and specifications in good condition within ten days after the date of bid opening.

Pike says his chili is better

TSGT Pete Pike, a chili-cooking member of the Randolph GCA site crew in Hondo, will be competing for

the title of Texas Chili Champion during the 3rd Annual Republic of Texas Chillympiad September 29-October 1 at Aquarena Springs in San Marcos.

Pike will be sponsored by the Other Place and will match recipes against scores of chili cooks gourmands and chili aficionados for the right to represent Texas in the World Chili Cookoff in Terlingua, Texas in November.

Although details of the recipe are secret Pike admits that it takes three hours to cook his chili and that he uses only Texas meat. Of course he will also admit he doesn't know all there is to know about chili since he only became an expert in April of this year. But he claims he does know enough to win.

Ann Garcia graduates

Airman Frank L. Garcia, Jr., son of Mr. and Mrs. Frank L. Garcia, Sr. of 1206 17th St., Hondo, has graduated at Sheppard AFB, Tex., from the U. S. Air Force radiology specialist course conducted by the Air Training Command.

Airman, who learned to operate radiographic equipment used in fluoroscopic examinations, is being assigned to the USAF Dispensary at Peterson Field, Colo., for duty.

Airman Garcia, a 1970 graduate of Hondo High School, attended Southwest Texas Jr. College in Uvalde. His wife is the former Irene Quintanilla.

Owls crush Clemens 35-12

The Owls found the going a little smoother last Friday than the week before as they outscored the Samuel Clemens Buffaloes by a score of 35-12.

The game was well played by both teams, but the Owls showed great improvement with only two penalties and no fumbles lost.

Clemens won the initial toss and elected to receive. They were contained, and Hondo took the Sweeney punt at their own 39. They too were stymied by a rugged Buggalo defense, and Gene McAnelly came in to kick the first of four punts for the evening.

Despite a fourteen-yard pass completion from Quarterback Harry Mock to Whitney Tanner, the Buffs again were forced to punt again.

This time, after a 17-yard pass play from Brian Finger to McAnelly, the Owls again could not sustain their drive, and McAnelly punted to the Clemens 10.

The Buffs stayed on the ground, and moved out to their 23 before losing the ball again via the kicking route.

The game stayed scoreless as the first quarter ended with Hondo in possession on the Clemens 31.

The new period woke the Owl offense as Keith Ligon moved 13 yards after a pass to Terry Mechler to put the ball on the 14. Tony Hackebell added a yard, and Ligon added three more to make it 3rd and six on the Clemens 10-yard line. Finger went back to pass, and found Doug Helvey alone in the end zone to tally the game's first points. McAnelly's kick was true and with 9:03 in the half, the score stood 7-0, Hondo.

Taking the kickoff on their 16-yard line, the Buffs moved across midfield behind the passing of Mock to Tommy Howard, and runs by Tanner and Bobby Birdwell. Faced with fourth and one on Hondo's 41, the Owl line held Birdwell to no gain, and the Owls took over again.

Clemens -- 0 0 6 6 -- 12
Hondo -- 0 14 21 0 -- 35

The two teams traded punts again, after being held, and it was Hondo's ball at the Clemens 41. After a surprising halfback pass from Ligon fell incomplete and two runs by Ligon and Finger netted -2 yards, Finger un-

dered a pass to Ligon which led to a 43-yard touchdown. Once again McAnelly's kick was good, and with 1:01 left in the half, it was Owls 14, Buffaloes, zero.

Time ran out on the Buffaloes as they marched to the Owl 42.

The second half started off a little shaky for the Owls as McAnelly fumbled (and Helvey recovered), and Finger tossed his only interception of the night, which safety Bill Salter returned 45 yards for the first Samuel Clemens touchdown. The point after was no good at 10:35 left in the 3rd quarter.

The Owls took the kickoff and followed runs by Hackebell and Ligon down to the Clemens 39. From there, with third and six to go, Finger hit Ray Garcia for a 39-yard scoring pass, which McAnelly made 21-6 with 6:33 remaining in the quarter.

Ligon was off again, for 58 yards and another touchdown. Again McAnelly split the bars and with 21 seconds in the 3rd quarter the score stood 35-6, Hondo.

Just as the quarter ended, a Mock pass was fumbled and Owl Joe Graff was on the spot to take the ball away from the Buffaloes; first and ten, Hondo on the Clemens 39. The Owls failed to cash in on their opportunity, however, and Clemens took over again after the punt, on their four-yard line.

Mock hit Johnny Gonzales for a sixteen-yard gain, and with first and ten on his 20, Mock fumbled into the waiting arms of Barry Braden and Eddie Pope.

Following a McCartney pass to Mechler and short runs by Ligon and Hackebell, the Owl threat sputtered at the Clemens one-yard line on a 4th and goal play, as a penalty moved the ball back to the six.

The Buffs took over on their five, and moved the ball on a pass to Gonzales out to the 27. Here, Mock was intercepted by Ray Garcia at the Clemens 46. After four tries, the Owls gave up the ball again.

On the next series, Clemens put on a belated showing of power as they took the ball 61 yards on Mock's passing, to score on a six-yard pass from Mock to Gonzales with only 23 seconds in the game. The extra point pass was no good, and the score stood 35-12.

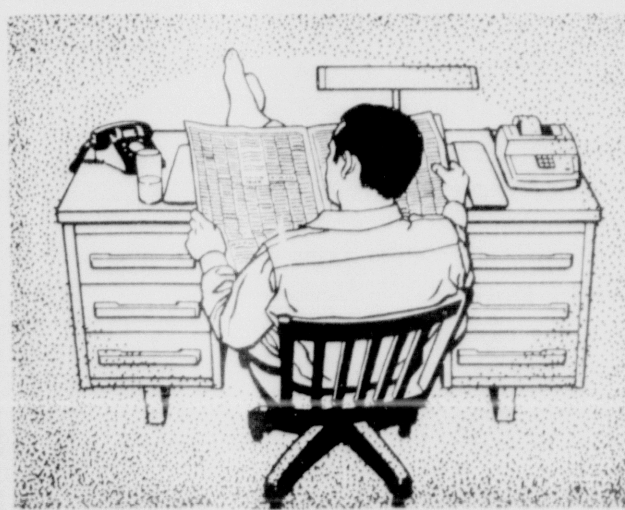

Mike Saathoff foiled the outside kick attempt as he fell on the ball at the Hondo 47. The game ended on a 7-yard gain by Braden to the Clemens 46.

KEBO TAKES OFF

Keith Ligon hurdles Tommy Howard (20) for one of his big gains Friday night.

Is now the time to buy land?

Acquiring that new farm without delay might seem more practical if you considered the benefits of financing through the Federal Land Bank. Today's expensive land is easier to pay for when its cost is amortized over extra years with a long-term Land Bank Loan. Your total cost of borrowing, too, can be less with a Land Bank loan.

As your local Land Bank Association, we offer a complete loan service: We know current land values; we will inspect the property being considered. We will examine your overall plans and resources, and make an income projection. We will then make a loan recommendation that fits your needs precisely and, whenever possible, provide the capital it takes to meet your goals.

Owls No. 5

The Hondo Owls moved up to fifth place in the weekly Associated Press high school football ratings as two of the top three 2-A teams lost last week.

The Owls are ranked behind number one, Childress; second place, Refugio; third ranked Friendswood; and last year's defending champion, Jacksboro.

In Class 3-A the Uvalde eleven continues as the top rated team but their margin over second place Brenham has been cut to just 17 points.

Other area teams ranked in 4-A, San Antonio Lee is number one and in Class 1-A Comfort is ranked second and Agua Dulce is ranked sixth. Comfort will play in D'Hanis Saturday night.

The Owls are in sixth place in the weekly United Press football ratings.

Olympics site is beautiful

Spec. 4 Jerry Cortez, son of Mr. and Mrs. Ray Cortez of Hondo, sent these pictures of the 1972 Olympics. He attended the games for three days and told his parents, "This is the most beautiful site you could ever imagine." At top left he writes his name on the modern art made by German and USA students. This ball will be put in the O-

lympic Museum; Top Right: a view across the lake; Bottom Left: Young Cortez, in brown suit and cap, stands with his friends by the eternal flame; Bottom Right: a shot of the track and crowd. Cortez is stationed near Munich with the U.S. Army.

Vo-ag teachers meet in Sabinal

The Revaldina FFA District Vocational Agriculture teachers met in Sabinal Wednesday afternoon, Sept. 20. The in-service training meeting was directed by W. H. Pittard, Area VII Supervisor of Vocational Agriculture.

The meeting was called to order by District President Max Amann of Utopia. A number of dates were given for FFA Leadership and Judging Contests that are to be held on a District and Area level this fall.

John McAnelly of Hondo was recently elected District Secretary for the group of teachers.

Pays tribute to dogs

Mayor George Brucks places his signature on the proclamation declaring National Dog Week in Hondo and several members of the 4-H Dog Club join in the event. 4-H members are from left to right: Valerie Cole (with Francis), Doug Cole,

Kay Martin, Nancy Martin, Donna Wernette, Leonard Wernette and Chris Cole. These youth will participate in the San Antonio National Dog Week activities Saturday, Sept. 30, at McCreless Shopping Mall.

Natalia & Chacon Lake News

By Mrs. I. H. Thompson

Mr. and Mrs. Bernard Caldwell, Houston, came Tuesday for the day with his brother and sister-in-law, Mr. and Mrs. Douglas Caldwell en route to Mexico on a business trip.

Mr. and Mrs. Earnest Woodson honored their daughter on her eighth birthday with a party at their home on Thursday, September 7. The nine school chum guests and the honoree's brother, Dana, enjoyed games and playing on the monkey bars and swinging. Favors of artificial snakes, jacks and balls, balloons and candy were handed out. Refreshments of birthday cake, ice cream and big reds were served.

Mr. and Mrs. A. M. Mosley and Keith attended the 2 p.m. funeral on Saturday at the Uvalde Funeral Chapel of Mrs. Frances Lee. They journeyed to Spicewood for the weekend to attend the Mosley reunion that was held on the Pedernales River.

Reverend and Mrs. Franklin Pullin had as their house guests from Saturday until Sunday afternoon, their parents, Mr. and Mrs. R. P. Sumner, Houston, and Mr. and Mrs. Denver Pullin of Gonzales.

Mr. and Mrs. Steven Frazier, Dallas, visited from Saturday until Sunday afternoon dividing time with their parents, Mr. and Mrs. Gerald Reynolds, and Mr. and Mrs.

E. C. Frazier. En route they spent Friday night in College Station with Mrs. Frazier's sister and brother-in-law, Mr. and Mrs. Kenneth Cooley.

Walter Ouzts, Marksville, Louisiana arrived Friday for a visit with his brother, Ed

Ouzts, and his niece and husband, the Wylie F. Gardners, and the foursome enjoyed the day Sunday in Devine at the home of his niece and family, the Ollie Bassetts, where they were met by the Robert Ouzts, the Eddie Gardners and the John Hazzards of San Antonio.

Mr. and Mrs. C. V. Kerr and Mr. and Mrs. Lee Estep left Friday for a visit until Monday morning. The Kerrs with their daughter and family, the James D. Putmans, in Crowley and the Esteps with their son and daughter-in-law, the Leroy Esteps in Burleson.

Mr. Norman Gandy, Lamesa, came Monday afternoon to visit until Sunday afternoon with his sister and brother-in-law, the Iven W. Thompsons. Mr. Thompson was admitted to the Methodist Hospital Sunday afternoon and he had surgery on Tuesday morning. Mrs. Thompson's niece and her husband, Rev. and Mrs. Edward O. Jackson, Pampa, arrived Tuesday morning and visited until Thursday afternoon.

HERE IN HONDO

Mr. and Mrs. John Wentz and Kay were brief visitors in the home of Mr. and Mrs. Otto Wiemers.

Mrs. Andrew Eckhart visited Mrs. Otto Wiemers and Mrs. Edwin Schulte on Friday of last week.

Mr. and Mrs. Elbert Wiemers visited Mr. and Mrs. Otto Wiemers on Sunday afternoon.
